### CLEVELAND CATERERS TO FEED SHRINERS

**Today**  
Most Important Flight.  
Governor Smith's Hat.  
Mongrell Success.  
The Permanent 18th.

By ARTHUR BRISBANE  
[The opinions expressed in this column are  
strictly those of Mr. Brisbane and not nec-  
essarily in consonance with the policies of The  
Review.]

TO this country the most important  
flight thus far made is Art Goebel's  
non-stop trip from Los Angeles on the  
Pacific to Long Island on the Atlantic.  
Goebel made the flight in less than  
nineteen hours, reducing the record by  
eight hours.

WITH the Panama Canal we no  
longer send fleets around South  
America. Battleships go from New  
York to San Francisco, or vice versa,  
in less than two weeks.

THE battleship is now a joke on  
which our country spends millions  
because those that make the battle-  
ships need the money.  
The real defense and attack, as Brit-  
ish experiments have proven is the  
airship.

We know now that we could bring  
an air fleet from the Pacific to the  
Atlantic, or vice versa, for defense  
or attack within twenty-four hours.

WHEN Governor Smith speaks to  
a radio audience of 70,000,000 at Al-  
bany tonight, the city will be orna-  
mented with flags and thousands of  
Smith admirers will be decorated with  
derby hats.

Derby hat wearers will notice that  
it is not Governor Smith's "derby"  
that is responsible for his rise in the  
world.

That came from the mental ma-  
chinery UNDER the hat. If it were  
as easy to imitate the head as to imi-  
tate the hat, the world would move  
rapidly.

PROFESSOR MCKENZIE, of Wash-  
ington University, St. Louis, says:  
"The human animal today is a mon-  
ster. He is the hereditary product  
of a wide variety of racial types. The  
sex impulse is responsible."  
Fondness for travel, war, and steal-  
ing of wives by young men opposed  
to inbreeding are also responsible.

PROFESSOR MCKENZIE says truly,  
"Peoples as far apart as Orientals  
and Caucasians should not inter-  
marry."

Otherwise the more mixed the breed  
the better. Greece was the most mixed  
race in the days of Pericles, Rome  
the most mixed in Caesar's time.  
France most mixed in the reign of  
Louis Fourteenth. England is the most  
mixed race today, with the exception  
of the United States. And Japan is  
the most thoroughly mixed race of  
Asia. The right kind of mongrel wins.

DR. NICHOLAS MURRAY BUTLER,  
head of Columbia college and a learned  
man, says, "The Eighteenth Amend-  
ment must go."  
Dr. Butler knows that thirty-six  
states would be required to eliminate  
or modify the Eighteenth Amendment.  
You couldn't get thirty-six or twenty-  
six states to vote for a change.

### GREEN FUNERAL HERE THURSDAY

Insurance Adjustors and  
Coroner Inspect  
Wrecked Coupe.

County Coroner G. A. Arner, Ches-  
ter, and automobile insurance adjust-  
ers today made an official examina-  
tion of the coupe in which George  
Green, 207 Baum street, died. Instant-  
ly when the car plunged over a  
100-foot embankment in Washington  
street, Newell, early Tuesday morn-  
ing.

Funeral services for the accident  
victim will be held at 9 o'clock tomor-  
row morning in St. Aloysius Catholic  
church, West Fifth street, in charge  
of the Rev. Thomas J. Walsh. Burial  
will be made in St. Aloysius cemetery.  
Arner's investigation of the wrecked  
coupe adduced conclusive evidence, he  
said that Green met instant death  
when his skull was crushed. Laird  
Smith, Pennsylvania avenue, driver  
of the car, was today improving from  
minor injuries at the home of his  
mother, Mrs. Zed T. Smith, St. George  
avenue.

Arner also declared he had evidence  
that the accident occurred at 3:30  
o'clock Tuesday morning, instead of  
11:30 p. m. Monday night as rela-  
tives of Smith asserted yesterday.  
When the coupe halted its 100-foot  
plunge down the embankment against  
a telephone pole, the pole was snap-  
ped off, blowing out a fuse at the  
Newell power house. Attendees at  
the station said the fuse was blown  
at 3:30 a. m. yesterday.

### CONTEST WINNER

She looks like a beauty contest win-  
ner, does pretty Verona Daniel Hardy,  
of Gulfport, Miss., but she has brains  
as well. Though only 15 she was  
awarded \$4,000 Harvey S. Preston  
scholarship for her essay on "The Re-  
lation of Improved Highways to Edu-  
cation," the contest being open to ev-  
ery high school student in America.

### TWO MEN DIE IN EXPLOSION OF GAS MAIN

Three Others Injured  
in Tragedy at Mt.  
Vernon.

### ONE IS SERIOUS Accident Occurs When 16-inch Main is Be- ing Repaired.

MT. VERNON, O., Aug. 22.—Two  
men were dead here today and three  
others are in the Mt. Vernon hospital,  
one in a critical condition, the result  
of the bursting of a 16-inch gas main  
at the Logan Natural Gas Supply  
company at Bangs, south of here, yes-  
terday.

T. L. Lemasters, 50, of Bangs, sus-  
tained a fractured skull and died  
shortly after the blast.

Lloyd Weaver, 22, of Homer, died  
following an emergency operation at  
the hospital.

The condition of Allen Reaick was  
described as "serious" by hospital at-  
taches today. Two other men are un-  
der treatment at the hospital but are  
expected to recover.

The men were attempting the re-  
moval of a joint from the gas main when  
the gas pressure shattered a steel  
gate used to stop the flow of gas when  
the line is being repaired.

### FINED \$10 FOR RECKLESS DRIVING

Earl Springer, resident of Pennsylv-  
vania, was fined \$10 and costs by Mu-  
nicipal Judge J. C. Hanley when he  
appeared today on charge of reckless  
driving after his car figured in a col-  
lision at St. Clair avenue and Walnut  
street at 8:45 o'clock this morning.

Both Springer and John Charlton,  
local barber, who drove the other au-  
tomobile, escaped injury. Patrolman  
Elwyn Shenkel investigated the acci-  
dent.

### KIWANIS TO HEAR E. M. DIEHL

Proposed legislation to be presented  
to Ohio legislature next term for li-  
censing of automobile drivers by law  
will be discussed by E. M. Diehl, sec-  
retary of Columbiana County Motor  
club, before the Kiwanis club at its  
luncheon-meeting in the Travelers'  
hotel grill room tomorrow noon.

Woman Suicide Victim.  
NEW PHILADELPHIA, O., Aug. 22.—  
Funeral arrangements were being  
made for Mrs. Catherine Weber, who  
was found dead at her farm home near  
here late yesterday with a .32 calibre  
revolver lying by her side, a suicide  
according to police. Relatives ascribed  
despondency as the cause of Mrs. We-  
ber's act.

### CONTRACT FOR EVENING MEAL AT CEREMONIAL GOES TO BRAND

Luncheon to be Served  
at Two Masonic  
Temples.

### PARADE FEATURE

Excursionists Coming  
by Trains and Auto-  
mobiles.

Contract for the feeding of  
5,000 Shriners who will visit  
East Liverpool next Wednesday  
for a ceremonial, has been  
awarded to the Brand company,  
Cleveland caterers, by the local  
committee on arrangements.

Three Trains Chartered.

The Cleveland concern will furnish  
the evening meal only, bringing kit-  
chen equipment to the park where the  
food will be prepared and served. The  
menu will include hot baked beans,  
wafers, corn-on-the-cob, cold ham,  
cheese, potato salad, coffee and ice  
cream. The meal will be served in  
cafeteria style at the park dining pa-  
villions.

The ceremonials is being sponsored  
by Al Koran temple, Cleveland, assist-  
ed by Osiris temple, Wheeling, and  
Syria temple, Pittsburgh. Members of  
Al Koran temple will be entertained  
at the noon hour luncheon at the Ma-  
sonic temple, Broadway, this city,  
while Chester Shriners are arranging  
to take care of visiting lodgesmen  
from Wheeling and Pittsburgh at the  
Chester Masonic temple.

Three special trains, one from Cleve-  
land, another from Wheeling and the  
third from Pittsburgh, will bring the  
visitors to the ceremonial. The Cleve-  
land train will be run to East Liver-  
pool while those from Wheeling and  
Chester will be routed over the Pan-  
handle division to Chester.

The ceremonial will open at 12  
o'clock noon with a business session  
of Al Koran members in the Masonic  
temple, Broadway. The parade in  
which three bands, a trumpet and  
drum corps, and about 1,000 uniformed  
marchers and other members of the  
order will appear is scheduled for 1  
o'clock. Concerts by the massed  
bands and choruses from the three  
temples will be given on Broadway at  
1:45 o'clock.

Eight special street cars and scores  
of automobiles will take the lodgesmen  
to the park at 2:15 o'clock. Imperial  
Potomac Frank C. Jones, Houston,  
Texas, will make an address at the  
park at 2:30 o'clock. The ceremonial  
will take place in Virginia Gardens,  
the park's ball room starting at 2:45  
o'clock, after which the buffet lunch-  
eon will be served at the park. The  
day's program will end at 8 o'clock  
when the visitors will return to the  
trains.

mary Completed at  
Columbus.

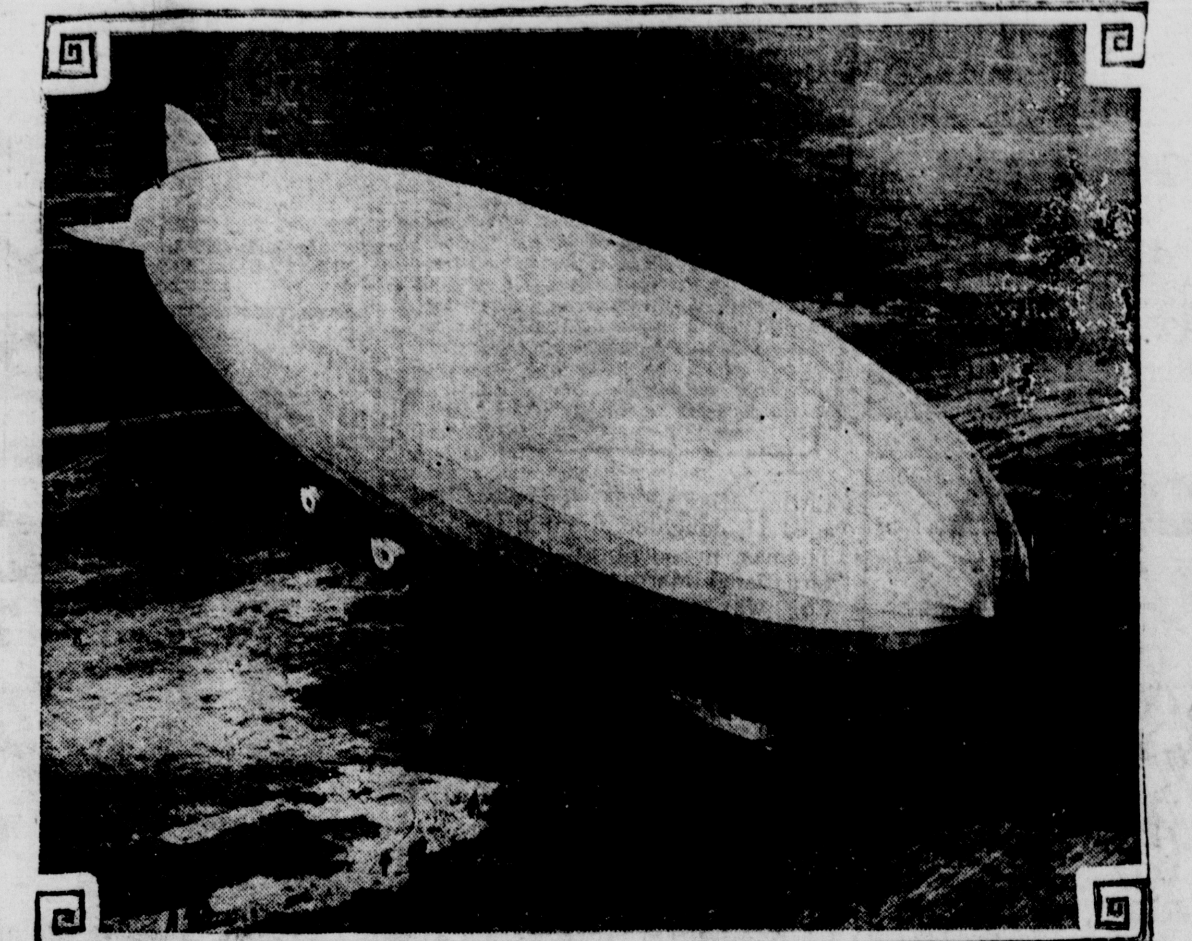

COLUMBUS, O., Aug. 22.—Official  
announcement that Attorney Graham  
P. Hunt, Cincinnati, liberal defeated  
U. S. Senator Cyrus Locher, Cleveland  
dry, for the Democratic nomination  
for U. S. senator, short term, by the  
narrow margin of 757 votes was made  
today by Secretary of State Clarence  
J. Brown.

The complete final count, Brown  
said, gave Hunt 94,198 and Locher  
93,441 votes.  
State Representative John T. Brown,  
Mechanicsburg, was nominated by the  
Republicans for lieutenant governor,  
full term, with a lead of 3,870 votes  
over George C. Braden, Warren, who  
was nominated for the short term.  
Brown received 119,721 and Braden  
115,851 in the race for the full term  
nomination.

Myers Y. Cooper, Cincinnati, Re-  
publican nominee for governor, de-  
feated Congressman James T. Begg,  
Sandusky, by 5,844 votes. Cooper re-  
ceived 262,028 and Begg 256,184 votes.

### DIRIGIBLE LOS ANGELES COMING HERE TOMORROW

The giant dirigible, "Los Angeles," will come to East Liverpool tomorrow for ceremonies which will take place at the Chamber of Commerce airport in Madison township. The blimp, which is expected to arrive here early in the afternoon from Uniontown, will circle over the city before proceeding to the aviation grounds. The Goodyear-Zeppelin corporation's baby balloon "Puritan," will escort the "Los Angeles" from Pittsburgh.

### AIRPLANES TO ESCORT BLIMP HERE THURSDAY

Dirigible Los Angeles  
Due Here Early in  
Afternoon.

### PURITAN COMING Craft to Fly Over City Then Visit Air- port.

Screaming of fire sirens and fac-  
tory whistles will announce the ar-  
rival of the monster dirigible, Los  
Angeles, which will soar over East  
Liverpool, escorted by a convoy of  
airplanes and the Goodyear baby  
blimp, Puritan, early tomorrow after-  
noon.

Advices received at Chamber of  
Commerce headquarters here from  
war department at Washington indi-  
cate that the silver whale, which will  
leave its mammoth hangar at Lake-  
hurst, N. J., at midnight tonight for  
Uniontown, Pa., will reach the Ce-  
ramic City about 1:30 o'clock tomor-  
row.

Puritan Escort.  
Information was sent here from Ak-  
ron at noon today that the Goodyear  
blimp, Puritan, will meet the Los  
Angeles near Pittsburgh and escort  
it to this city. Puritan sailed over  
East Liverpool and made stops at  
the airport in Madison township a  
week ago today.

Mayor Ralph C. Benedum today is-  
sued an official proclamation asking  
that East Liverpool citizens and mer-  
chants recognize the signal honor paid  
for the Ceramic City in the dirigible's  
visit here by displaying the American  
flag in front of their homes and  
stores tomorrow. In his statement,  
Benedum declared that "the visit is  
more than an ordinary affair" and  
added that East Liverpool is one of  
the first of the smaller cities to be  
visited by the giant rigid airship.

After circling several times over  
the city, the Los Angeles will sail to  
the Chamber of Commerce airport in  
Madison township, where it will re-  
main suspended for about two hours,

ers that tomorrow is  
Dollar Day.

### PERPETRATES SUICIDE HOAX

GALLIPOLIS, O., Aug. 22.—Earl  
George, 17-year-old farmer boy, was  
found near here, his still chuck-  
ling today over the excitement and  
trouble he caused residents here  
yesterday by leaving a "suicide  
note" on the banks of Raccoon  
creek.

Police, an undertaker, the cor-  
oner and neighbors took part in  
the search of the creek for his  
body. All the while Earl was hid-  
den in a clump of bushes nearby  
where he could watch the proceed-  
ings. He was discovered a short  
time later by boys.

### E. H. PATTERSON, AGED 22, DIES

Edgar Harper Patterson, 22, of 219  
West Third street, died today in the  
city hospital, following an operation.

He leaves his widow, Mrs. Emma  
Patterson; one son, Billy Ed-  
gar Patterson; his mother, Mrs. Eliza-  
beth Patterson; two brothers, Hugh  
and John East Liverpool, and  
sister, Mrs. Harold East Liverpool.

### \$2757 SPENT BY JAMES BEGG

Braden's Expenses  
Placed at \$1030 Re-  
port Shows.

COLUMBUS, O., Aug. 22.—Congress-  
man James T. Begg, Sandusky, de-  
feated by Myers Y. Cooper, Cincinnati, for  
the Republican gubernatorial nomina-  
tion at Ohio's primary election August  
14, today informed Secretary of State  
Clarence J. Brown that he received  
\$1700 and spent \$2757 in connection  
with his unsuccessful campaign which  
started in November, 1927.

Most of Begg's expenses were for  
transportation and hotel bills. He said  
he received \$1,000 from Sidney Groh-  
man, treasurer of the Begg campaign  
committee, and \$500 from Frank Col-  
lins, Toledo.

George C. Braden, Warren, Republi-  
can nominee for lieutenant governor,  
received nothing and spent \$1,030.

Attorney Charles H. Hubbell, Cleve-  
land, received and spent \$312 in con-  
nection with his futile quest for the  
Democratic nomination for state audi-  
tor. He said bills, totaling \$426, re-  
mained unpaid.

Allen C. McDonald, Dayton, unsuc-  
cessful aspirant for the Republican  
nomination for lieutenant governor, re-  
ceived nothing and spent \$2,267.

Charles L. Young, Rock Creek, who  
failed to win the Republican nomina-  
tion for lieutenant governor, received  
nothing and spent \$74.

Dennis F. Dunlavy, Astabula, one of  
the Democratic nominees for state su-  
preme judge, received nothing and  
spent \$25.  
Congressman Brooks Fletcher, Mar-  
ion, Democrat, renominated, received  
nothing and spent \$25.  
E. Harold Hughes, Zanesville, Re-  
publican candidate for state senator,  
spent \$314. He said he received \$100  
from Charles H. Lewis.

### HOOVER LAUDS HOME LIFE IN IOWA ADDRESS

Speaks at Homecoming  
Arranged by Cedar  
Rapids Residents.

### CONFERENCES HELD Discusses Farm Relief and Inland Water- ways.

CEDAR RAPIDS, Ia., Aug. 22.—As-  
suming the role of a crusader for the  
development of American family life,  
Herbert Hoover today dedicated his  
services as president, if elected, to the  
improvement of American homes.  
The Republican nominee took this  
pledge at his birthplace in West  
Branch, Iowa. The subject seemed so  
close to his heart that he diverted from  
his first farm speech to discuss it.

"The solution of these problems,  
confronting our country has but one  
purpose," he said. "That is, the com-  
fort and welfare of the American fam-  
ily and the American home. The fam-  
ily is the unit of American life, and  
the home is the sanctuary of moral in-  
spiration and of the American spirit. The  
true conception of America is not a  
country of 110,000,000 people, but a  
nation of 23,000,000 families living in  
23,000,000 homes. I pledge my service  
to these homes."

In his visit to Iowa and especially,  
at his birthplace, Hoover revealed an  
emotional side almost unknown to the  
public. In talking of his early days  
here, and his departure for the west  
as a penniless orphan, tears came to  
the nominee's eyes. To his friends, he  
praised the opportunities of the mid-  
west in no uncertain terms.

In his farm speech, Hoover created  
a small sensation by tendering the  
olive branch to former Governor  
Frank O. Lowden, of Illinois, who de-  
nounced the Republican farm plank  
after the Kansas City convention re-  
jected the equalization fee. Hoover  
publicly asked Lowden to participate  
in the farm conference we will call,  
if elected, to find a solution for agri-  
cultural depression. After saying he  
recognized the value of the farm aid  
efforts of various leaders, Hoover  
added:

"Outstanding farmers, such as Gov-  
ernor Lowden, will be asked to join

### CALL MEETING OF G. O. P. COMMITTEE

Organization meeting of the Republi-  
can county central committee will  
be held at Lisbon court house next  
Tuesday night at 8 o'clock, according  
to Elmer H. Walker, county G. O. P.  
chairman.  
In a letter to new central com-  
mittee members elected at last week's primary  
election, Walker declared that Tues-  
day's meeting will be the most im-  
portant session of the committee in  
the next two years. He urged attend-  
ance of all precinct representatives.

### TO RADIO SPEECH Presidential Nominee to Discuss Prohibition, Farm Relief.

By Raymond I. Borst.  
ALBANY, N. Y., Aug. 22.—  
On the steps of the state capitol  
where he first set foot 25  
years ago as a green Tammany  
assemblyman in the presence of  
a distinguished gathering, Gov-  
ernor Al Smith tonight will for-  
mally accept the Democratic  
presidential nomination.

### PROGRAM FOR NOTIFICATION

9:30 p. m.—Benediction by Rt.  
Rev. Joseph A. Delaney, vicar gen-  
eral of the Roman Catholic diocese  
of Albany.

When the New York executive steps  
to the speaker's stand to deliver his  
address he will formally launch what  
is expected to be the most pictures-  
que presidential campaign in the history  
of American politics.

In his acceptance speech the gov-  
ernor will clearly state his position  
on every campaign issue, particularly  
prohibition and farm relief. He has  
announced that in accepting the nomina-  
tion he would make known his po-  
sition on prohibition "clearly and  
unmistakably," and today the friends  
of prohibition were literally holding  
their breath waiting to see what he  
would have to say on that subject.

By having the notification ceremony  
staged on the steps of the capitol,  
Governor Smith, in reality, will be ac-  
cepting the nomination for the high-  
est office within the gift of the Ameri-

### TOMORROW IS "DOLLAR DAY"

Merchants "Set" for  
Big Sales Event  
Thursday.

East Liverpool's downtown business  
district tomorrow will assume in many  
ways the aspect of Old World bazaars  
when bargains brought here from all  
part of the world will be offered by  
Ceramic City merchants at amazingly  
low prices.

For weeks local merchants have  
been pointing their efforts toward  
providing buyers throughout the tri-  
state district with high quality goods  
at extremely low prices.

As though by magic the heads of  
the Merchants' division of the Cham-  
ber of Commerce have rubbed the  
Aladdin's lamp of business and heaped  
counters and shelves with new mer-  
chandise of every description for to-  
morrow's semi-annual bazaar event.  
All day long until merchants shut  
their doors tomorrow night, throngs  
are expected to crowd every official  
Dollar Day store in the city.

Each dollar spent in Pottery City  
stores tomorrow will do double and  
in many instances triple duty in pur-  
chasing the marked-down goods.  
Stocks will not be old and shop-worn,  
but will be new and bright. Tonight

# **WOOSTER SCENE OF REUNION OF M'KINLEY'S OWN**

Gen. Charles Dick to Head Eighth, C. V. I. Outing.

**TWO DAY MEET**  
Annual Banquet and Business Session Monday Afternoon.

WOOSTER, Aug. 22.—Gen. Charles F. Dick, former lieutenant colonel of the regiment, will head the old Eighth Ohio Volunteer Infantry McKinley's own when it forms by companies for the first time since it was mustered out here on Nov. 21, 1898, on the occasion of the 30th annual reunion to be celebrated in Wooster Sunday and Monday, Sept. 2 and 3.

Col. F. C. Gerlach of this city, captain of company D during the Spanish-American war, is chairman of a local committee making plans for the reunion and has planned this unique feature as one of the big spots of the gathering of the veterans. Surviving captains will command their units as they did in the war, and remaining members of the band will lead the regiment on parade.

Ranks have been thinned by death, and some few survivors will be unable to attend, but every effort is being made to make this reunion the largest in many years. Registration will begin on Sunday with headquarters at Hotel Wooster.

Local military organizations headed by the Wooster board of trade band will act as escort to the regiment in its march to Wooster cemetery on Sunday afternoon at 3 o'clock, where memorial services will be held at the graves of Col. C. V. Hard, the regiment's commander, and Chaplain I. N. Kiefer.

On Sunday evening a campfire will be held at Memorial hall. Monday morning the veterans with their families will motor to Shreve, where a soldier's breakfast will be served in the Army. On their return to Wooster an automobile tour of the city will be conducted. At noon the annual banquet will be held in I. O. O. F. hall, and a business session will follow.

The Eighth regiment was commanded during the Spanish-American War by Col. Hard, who is buried here. The regiment was assembled in Akron, April 26, 1898, and was prepared for service at Camp Bushnell, Columbus, and Camp Alger, Washington. On July 6, 1898, the command sailed for Cuba on the steamer St. Paul, commanded by Capt. George Sigbee, former commander of the ill-fated U. S. S. Maine.

The Eighth participated in the capture of Santiago and was a part of the Fifth Army Corps which was chosen for that purpose.

Companies of the regiment were: Company A, Bucyrus; Company B, Akron; Company C, Polk; Company D, Wooster; Company E, East Liverpool; Company F, Canton; Company G, Wadsworth; Company H, Shreve; Company I, Canton; Company K, Alliance; Company L, Canton; Company M, Mansfield and the band, Akron. Members of the regiment during

their stay in Wooster preliminary to the muster-out became acquainted with many Wooster citizens and will have opportunity to renew old friendships here and to visit the places used by the regiment during its stay in the city.

Officers of the present regiment are: President, Gen. A. B. Critchfield, Shreve; secretary, Charles W. Flory, Canton; honorary president, Gen. Charles F. Dick, Akron; life chaplain, Capt. I. O. Campbell, Darlington, Pa.; mother of the regiment, Mrs. Dick; daughter of the regiment, Miss Miriam Hughes, Columbus.

Clinton Boyd's Fight for Attorney General Cost \$7615.

COLUMBUS, O., Aug. 22.—Harry A. Shanley, Forest, today informed Secretary of State Clarence J. Brown that he had received nothing and spent \$321 during his unsuccessful campaign for the Republican nomination for governor.

Secretary of State Brown, renominated without opposition at the Republican primary, announced that he received nothing and spent \$269.

C. E. Wharton, Kenton, reported that he received nothing and spent \$161 during his futile quest for the Democratic nomination for U. S. senator, full term.

Clinton D. Boyd, Middletown attorney, defeated for the Republican nomination for attorney general, said he received nothing and spent \$1,916. The Boyd committee, which supported his candidacy, announced that it received and expended \$5,699. All of this money, it was stated, was contributed by Clara Boyd.

# **RADIO BOARD CUTS LICENSES**

120 Applicants for Permits to be Considered.

WASHINGTON, Aug. 22.—The federal radio commissions' legal guillotine today began lopping off heads.

The commission reached decision in the cases of two broadcasting stations which protested its order refusing to continue operating licenses. These will be announced tomorrow, and thereafter the commission will grind out decision daily until 120 cases have been disposed of. Officials declared efforts would be made to announce all decision by the end of the week.

One brief only will be filed by the commission in its answer to the appeals for longer life of the 120 stations, representatives of which appeared at a public hearing in July to contend that operation was a matter of public interest and necessity. The brief will be made public with the first two decisions.

Opposition to unfavorable decision was expected from all quarters, and the commission's legal staff was prepared to fight the matter in the courts. Forty days will be required before any court action can be obtained, twenty for the filing of an appeal brief by the protesting station and twenty more for an answering brief.

that, seemingly, the contribution to the Boyd committee did not harmonize with the Ohio corrupt practices act which sought to limit campaign contributions from individuals to not more than 10 per cent of the annual salary which would be received by the candidate if nominated and elected. The attorney general receives \$6,500 a year of which amount 10 per cent is \$650.

brief by the commission. Both the constitutionality of the law allowing the commission to revoke licenses, and its power of discrimination under the law will be attacked by the aggrieved broadcasting stations, counsel indicated.

# **PEACE IN COAL INDUSTRY NEAR**

COLUMBUS, O., Aug. 22.—A definite wage scale which gives indication of being favorably accepted by

mine operators will be presented to eight Ohio coal operators, constituting a subcommittee, at a conference to be held here today between the operators and miners, according to Lee Hall, president of the Ohio United Mine Workers.

The miners and operator's subcommittee have been in session here for several days going over different wage scale projects. Hall feels confident that the proposition now ready for presentation will be acceptable.

The personnel comprising the operator's subcommittee has not been divulged.

## Prison Warden Awaits Report on Fugitives

Two Logan County Men  
Escape From Guard by  
Leaping From Fast  
Moving Train.

Dr. L. M. Robinson, warden of the state prison at Moundsville, is awaiting a report from Parkersburg and Ohio officials on the escape of two handcuffed men who made their escape by leaping from a fast moving train while being brought to jail.

Frank Hall, 35, and Frank Vannetter, 33, both of Logan county, were the pair who made the sensational escape from the custody of Transportation Guard W. G. Lowery. They were both seen in the Parkersburg district after the tumble from the train, and in some unexplained manner had broken or unlocked the handcuffs which bound them together.

One of the fugitives, presumably Hall, survived a fusillade of revolver shots fired at him by state troopers when they got sight of a man hiding in underbrush near the river shore.

Later a boat was stolen and was found on the Ohio side of the river. Police in and about Athens, O., have maintained a vigilant patrol of that section for the other fugitive, believed to have boarded a bus in Parkersburg enroute for Athens.

Hall was sent up to serve five years, while Vannetter was to serve two years.

Plans will be discussed at the business session for entertaining members of the Cove-Weirton Board of Trade on a date to be set later.

Marriage licenses were issued to the following couples during the last week by the clerk of courts at New Cumberland:

## TEACHER WEDS AT BROWNSDALE

Miss Stella Ulbright  
Becomes Bride of  
Walter Flowers.

A pretty ceremony was solemnized in the home of Mr. and Mrs. Charles Ulbright in Brownsdale, today at noon, when their daughter, Miss Stella Ulbright became the bride of Walter Flowers. The impressive ring ceremony was performed by the Rev. Harry Roach, pastor of the First Presbyterian church of Norristown, Pa., before an improvised altar of summer flowers and palms. Miss Mabel Lowers played the wedding march.

The bride was accompanied to the altar by her father, while her sister, Miss Emma Ulbright served as maid of honor. Oliver Chambers was the best man. The bride was gown in orchid and yellow taffeta and carried a shower bouquet of bride's roses and lilies of the valley, with feathery fern.

An orchid georgette gown was worn by the maid of honor. The bride is a graduate of the Newell high school with the class of 1926 and previous to her marriage was a teacher in the Washington school, Grant district.

The bridegroom is a son of Mr. and Mrs. L. N. Flowers of New Cumberland, and is a graduate of the high school of that place with the class of 1920, and is now employed as mail carrier on a rural route out of New Cumberland.

Following the ceremony a wedding

dinner was served, followed by a reception.

Mr. and Mrs. Flowers left following the dinner for a motor trip to Niagara Falls and Canada.

The following out-of-town guests were present: Mr. and Mrs. Theodore Ulbright, Mrs. F. L. Flowers and daughter, Miss Mabel of Newell; Miss Ruth Sidel of New Martinsville; Mrs. Anna Simpson and daughter, Mrs. Gus Guyaux and Joseph Ulbright of Oakdale; Mr. and Mrs. Charles Ulbright, Laura and Howard Ulbright, James Roach, L. N. Flowers, Emma Ulbright and Oliver Chambers of Brownsdale.

Large crowd is attending the annual outing of the Chester merchants which is being held this afternoon at Mineral Springs park. Basket supper will be served at 6 o'clock. Program of sports was featured.

The new Plymouth gives, in the lowest-priced field, size, style, smartness, speed and safety never before available at so low a price.

Here you find characteristic Chrysler performance from the new "Silver-Dome" high-compression engine, using any gasoline—with smoothness no other car under \$1000 can approach;

full-sized, roomy bodies, ample for adult passengers, with comfortable, deep, luxurious seats and fittings you expect only in cars of far higher price; the extraordinary safety of light-

action, internal-expanding hydraulic 4-wheel brakes, safe and sure in all weather—the only car at or near its price with such equipment;

absolutely new style, grace and distinction in body lines—with slender-profile chromium-plated radiator, "air-wing" fenders and arched-window silhouette.

To learn for yourself the new Plymouth's greater dollar-for-dollar value over the few cars which strive to compete with it, contrast them and their results with what you get in Plymouth at \$675.

## Philippine Independence

The safest and quickest way to Philippine independence, Governor-General Stimson pointed out in his first message, is the development of the island's natural resources. It is true that as improvements have been made governmental expenditures have increased, but revenue remains practically stationary and can be increased only through increase in the insular wealth.

That this will necessitate introduction of much new capital to establish industries that employ machinery on a large scale in place of manual labor, to develop mines, to improve and extend communication lines, a telegraph and telephone system, and so on, goes without saying. One of the biggest problems facing the insular government is reestablishment of modern shipping lines among the islands in place of the inferior services rendered by the existing monopoly.

The Filipinos need have no fear of exploitation by the United States. Take the experience of this country, for example. Rich in natural resources, but poor in cash, this country borrowed foreign capital for its development, has repaid those loans, and is now making loans to its former creditors. On the contrary, the Filipino farmer is exploited by the middleman and the money lender, and is so poorly nourished that he has become a prey to tuberculosis, beriberi and other serious semi-tropical maladies.

A country in the present condition of the Philippine Islands has not the means, either human or mechanical, to maintain a truly independent government. The avenue along which the Filipinos must travel in attainment of their goal of independence, as Governor Stimson shows, is economic rather than political. The islands are powerless in their present condition to raise the money to maintain a complete government, with army, navy and diplomatic service, all of which now are provided by the United States.

The people of the Philippines lack the education and economic independence that would enable them to elect representatives capable of bearing the heavy responsibility of maintaining independence of a rich country inhabited by a people new to self-government, amid vast, over-populated countries, such as Japan, from which the people are seeking new lands into which they may overflow.

## Graveyard For Genius

A unique cemetery is to be established in New York City. It is a burial ground for geniuses, provided by the American League for Fostering Genius.

The original idea seems to have been to provide a place of honorable sepulture where impoverished or unrecognized men or women of genius might be buried, like a Russian princess and artist who died in New York two or three years ago, poor and friendless. But the present plan goes far beyond that, taking in recognized geniuses as well. In fact, from a published list of living men and women whom the officers of the league have invited to be buried in the proposed cemetery when they die, including some of the officers themselves, it may look to outsiders as if there is too much recognition of genius.

It will be worth watching now to see whether all of the persons so tagged will oblige the genius-fosters and hasten to have themselves buried there along with the other geniuses.

Other cemeteries may object. Or the communities possessing them may object. Any community naturally likes to have its geniuses laid to rest in its own burial places, in deference to local love and pride, their graves becoming eventually "points of interest" to tourists. Any monopoly of buried genius will be opposed more fiercely than one of living genius, inasmuch as genius is usually most appreciated after death.

## Japs For Jap Lands

A spokesman of the Japanese government declares a new Japanese emigration policy.

Instead of encouraging emigration to Australia, Canada and other foreign countries—including the United States—Japan is going to colonize its own possessions, especially Pacific islands like Hokkaido and Formosa. Hokkaido is north of Nippon and Formosa lies to the south, toward the Philippines. This policy is adopted, explains the spokesman, because attempted settlements in other countries aroused too much bad feeling.

It is a wise change, and one which should be reassuring to Americans and conducive to pleasant relations between America and Japan. The only wonder is that Japan has not come to such a conclusion sooner.

The obstacle seems to have been in the people rather than in the government. For some reason or other, emigration to the outlying, less settled portions of Japanese territory has never been popular. A more vigorous effort, however, may succeed, thereby relieving the mother country of its surplus population and relieving English-speaking countries particularly of a type of race-competition.

## Dying Mothers

Great progress has been made in America, within a generation, in lowering the infant mortality rate. This is now one of the safest countries in the world for babies to be born in.

But there is no such improvement in motherhood. Often the babies are saved while the mothers die. Maternal mortality is now higher in the United States than almost anywhere else in the world, according to the children's bureau. There has been no appreciable gain in this respect since 1900, in spite of the tremendous medical gain in most other respects. Many other countries, among them Denmark, Finland, Italy, Japan, Holland, Sweden and Uruguay, have less than half our maternal mortality rate.

Improvement in this situation seems to be mainly a matter of better doctoring and nursing. With so many good doctors and nurses in this favored land, and so much wealth, surely it is possible to take care of the mothers. One of the most pressing needs is more maternity hospitals. And after that, more willingness to patronize the hospitals.

Anyway, Uncle Sam hasn't foreclosed yet on any of those foreign debtors.

## HASKIN DAILY LETTER

By Frederick J. Haskin

WASHINGTON, D. C., Aug. 22.—There are more than half a million persons in the United States who have certificates the possession of which means that they know the amount of sleep required for children from the ages anywhere from twelve months to sixteen years. They can recognize indications that a baby is not thriving and what steps to take for it. They can give a bath to a person in bed and change the linen on an occupied bed. Another quarter of a million have enrolled in courses and doubtless have received some benefit, but for one reason or another did not earn the testimonials that mark them as more capable citizens.

During the past year 59,691 students have been under instruction, two-thirds of that number having already received their certificates. Those who were enrolled in school classes numbered 42,125. The rest may have received their instruction through the Girl Scouts and adult classes of various kinds, all of them, however, being under the direction of the American Red Cross. Qualified and authorized nurses give these courses in community groups, for factory, office, and industrial workers, in the prisons, among the foreign-born, in rural sections and even in the isolated mountain districts.

The instruction offered by the Red Cross can be used as the standard course, or modified for those who are incapable of taking such advanced work. The standard course is taught those in the junior or third year of high school and above and the modification which is suitable for children from the seventh to tenth grades is also given to those adults who do not understand English. Although a certain prescribed content must be used by the instructor, it can be adapted to her own teaching methods. The work can be made to suit grade, high school, and college students, and adults.

There are certain results observed wherever the course is given. There is always an improvement noted in home and community conditions, and many of the girls, hundreds of them, have gone on into regular nurse's training. Home hygiene gives families opportunity to make the most of their background by taking care of themselves intelligently.

One young girl had to withdraw from classes before their completion in order to take care of her mother who had had a stroke of paralysis. She testified her appreciation of the instruction which proved to be so practical for her.

Proper bed making, cleanliness—personal and of the home—as well as knowledge of care of the sick members of a family all contribute to home improvement.

Usually the classes are operated through a local chapter of the Red Cross, for it is the policy of the national organization to encourage all work to be done locally by local people. Some of the instruction in the schools has been supported by donations of the chapters. However, there are now many school boards which have incorporated the courses both in the curriculum and in the budget.

Factor managers have assigned their staff nurses, and also given half-time to workers who will give the other half in exchange for instruction in case of themselves and others. State prisons conduct classes, the new federal prison for women in West Virginia, and other institutions such as orphanages and industrial schools are giving their people these advantages. Here the students can gain practical instruction by caring for each other under the supervision of a nurse when they are laid up. The classes for the foreign-born women are a piece of work in Americanization.

Many of the older men hear of the course when they are taking first aid instruction. Some of them are husbands whose wives can not leave their families long enough to take the minimum of twenty-four class hours and who want their homes to gain the advantages of the study of health habits, prevention, and home care of the sick. Others become interested when they hear their wives talk about the course.

It is difficult to choose between the benefits gained from health education in rural and urban districts. In the overcrowded sections of the cities where no knowledge of hygiene has penetrated it is really missionary work. For the young mothers who wish to learn the best way to bring up their children it brings its blessings.

In the isolated farm regions where the doctor is sometimes twenty miles away and there is only one nurse in a county, the benefits of this instruction are obvious. In the mountain schools of those old territories where old English is spoken, habit and custom rule, and even superstition reigns, girls learn to discard many beliefs and substitute facts. They learn that it is not unlucky to cut the fingernails of the bedridden and that it is not a mark of respect and honor for children to witness the death struggles of their elders.

There are 1300 nurses throughout the United States and its possessions who are acting as teachers. It has been found to be a desirable field for the married nurse. If she cares to she can volunteer her services, or if she prefers she can obtain part time employment for them.

## Questions And Answers

By Frederick J. Haskin

Stop a minute and think about this fact. You can ask our Information Bureau any question of fact and get the answer back in a personal letter. It is a great educational idea introduced into the lives of the most intelligent people in the world—American newspaper readers. It is a part of that best purpose of a newspaper—service. There is no charge except two cents in coin or stamps for return postage. Get the habit of asking questions. Address your letter to the East Liverpool Review Information Bureau, Frederick J. Haskin, Director, Washington, D. C.

Q. What countries have claimed Spitzbergen? M. N. A. This island was first believed to be a part of Greenland. Then it was found to be an independent island and was formally annexed by England in 1914. Of late years, Norway, Sweden, and Russia have contended for its ownership. Norway finally received it by a treaty signed at Paris in 1920.

Q. What per cent of the southern negroes vote? C. B. Y.

A. It is estimated that in the southern states not over 15 per cent of the colored population votes. Negroes are not barred from voting in the southern states if they can comply with the educational or property qualifications of the state which are common to both white and colored.

## Ritzy Rosalie

A very clever effect has been obtained in Rosalie's new gown by the use of horsehair braid as a backing for the lace. The braid is loosely woven, and stiffens the lace to such an extent that it will stand out in any desired position. The horsehair, being sand colored and translucent, gives the gown quite a filmy and ethereal appearance. Similar effects are being obtained with starched chiffon. ## NEW YORK Day By Day

By O. O. McIntyre.

NEW YORK, Aug. 22.—No city receives more encouragement for thrift than New York and perhaps no city receives it with such a decided hum! Its reckless spending is ever a source of wonder to the foreigner—especially the French, trained to watch souls as Menjou watches his moustache.

There are innumerable electric signs stressing the value of thrift and every bank window is adorned with compelling signs showing how even old slight savings may be pyramided into old age independence. Many organizations have weekly lectures to expound the prudence of the idea.

There is a chain of banks that has a small electric sign, "Night Depository," in each of its fronts. The depository is a receiving cylinder into which may be pushed bars of money accompanied by the pass book of the depositor. Each depositor has a master key.

Big department stores have their private savings institutions where a percentage of employees' wages may be deposited regularly and receive a fair interest. It is almost inevitable that when a man or woman on small salary saves the first thousand dollars, thrift becomes a habit.

But New Yorkers are reluctant to make that first step. At a conference of young high salaried men recently to pool their capital and take over an almost certain successful venture it was discovered 8 out of 11 did not have \$500 in cash.

The percentage of salaried people taking advantage of loan schemes—some good but mostly bad—is astounding. An authority has stated 90 per cent are harassed by debt. William Johnston, a capable writing man, once wrote an article called, "The Folly of Thrift."

It was a convincing and bristling with indisputable facts. Yet magazines hesitated to publish it. The writer provided the most thrifty people become inevitable suckers. That is, they save methodically, invest carefully but eventually fall for a get-rich-quick idea and lost all.

Shoplifting in Manhattan drops off 75 per cent in summer. Winter is the

season, due to the fact experts can wear heavy coats under which they may conceal their loot. The most successful shoplifters have been women. Men seldom make a success of it.

Those who have been tossed out on the Sixth Avenue car tracks like a bundle of wet wash by Jack's famous "flying wedge" of waiters will be mildly interested in the fact "bouncing" has gone out. Speakeasies and night clubs—there's tautology for you—no longer employ bouncers.

When a patron goes to sleep at a table now he is permitted to sleep it off. After years of scientific investigation and research the proprietors made the astounding discovery that a sleeper bothers no one. If a collegiate grows too noisy, he is reminded of his alma mater and generally begins to cry.

Others who wax too boisterous are either laughed or shamed out of their hilarity. Women are more successful handling drunks than men—that makes the night club houses a big asset. About all the bouncer did was to precipitate a fight that would otherwise not have taken place.

He is one of those lantern jawed types who portrays haw-haw Englishmen on the stage—you know, "You are quite right, Lady Audrey." He handles a monocle with a flourish, has the correct flair to his evening clothes and an astounding Piccadilly accent. Yet until 10 years ago when he ran away from home with a river show boat he had never been outside of a backwoods county in Kentucky in his life.

Sign on an old filly: "This can't go on forever!"

Those of us who write silly pieces for newspapers are as a rule secretly a bit ashamed of our output. But the most complete abashment was that of a newlywed confere who telephoned this morning he was not in the news paper business anymore.

"My bride," he said, "is beginning to read my stuff."

## YOUR HEALTH

An Ounce of Prevention Is Worth A Pound of Cure.

By Dr. Royal S. Copeland.

Many weird tales are told of remarkable things done by sleep walkers. Murders and all sorts of terrible stories, as well as tender ones, are built around this affliction.

The human brain is a marvelous organ. It controls the conscious acts of the body. It presides over its unconscious acts.

I have read of soldiers, so fatigued by strain and lack of rest that they actually fall asleep and continue to walk along, utterly unconscious of their movements.

It isn't difficult to understand how this can be. How many, many things we do without being conscious of our actions! Piano playing becomes a perfectly automatic performance. Typists become so expert that their nimble and capable fingers never fail to strike the correct keys.

Some persons are so constituted that they sort of dream themselves through life. Unconscious brain action seems but a short step away from the conscious control of the body movements. It is easy for such men and especially women of this type, to translate into terms of actions the vivid suggestions of their dreams.

The scientific name for sleepwalking is "sommnambulism." A great authority says: "The somnambulist state is simply an exaggeration of the state of the dream."

These are big words, but when translated into our own language it becomes plain enough.

Some dreams are more real than others. If they are distinctly vivid, the events of the dream may be so pronounced that the dreamer, having a part in his own dream, may actually get up to act out his own portion of the performance.

Anything which lowers the vitality, anything which plays upon the nervous system, may produce such irritation and sensitiveness of the brain that it is over-responsive to physical conditions. If you get too tired, your sleep is fitful and your sleeping hours are filled with dreams. If you have a tendency to sleepwalking it will show itself then. Worry, long continued mental effort and ill health may produce just the right conditions to encourage sleepwalking.

Of course, there are some folks who appear to have inherited this uncomfortable habit. Ordinarily it is observed in young people about the time of maturity and disappears later.

Sometimes sleeping on a higher pillow may help to prevent sleepwalking. Overeating before going to bed is bad for everybody and especially for one who has this habit. Every attention must be given to avoid overwarmth in bed. Reduce the bed covering, open the window for fresh air at night, overcome constipation and correct the general health—these are good rules to follow.

If the sleepwalker is discovered on his rounds, lead him quietly and gently to his bed and make no effort to awaken him until he is safely under cover. It would only add to the nervous condition of one already overwrought to give him the shock of being awakened away off from his own room.

## Once Overs

MAKE GIVING A PLEASURE.

By J. J. Mundy.

You may have an aged one in your home whom you are caring for.

It may be your mother or your wife's mother or father, or an aunt. It may seem to you that you are carrying a burden that is not yours.

If you have such an idea, very likely it is known to the person who is dependent in your family.

It is unfortunate that you have shown such a selfish face.

You certainly owe your parents the care they need.

It is a duty, but should be looked upon as a privilege.

You should be happy in the thought that you are able to give the needed assistance.

To be a dependent in old age is cross enough to bear without having it borne in upon you by ungrateful persons in the home where you stay.

How would you like to feel that help given was begrudged by the donor?

How long will it be before you may be in the same situation, and none to lift a hand to help you?

If you have not been kind to elderly people you need not expect kindness in your own time of need, for that time comes to all.

It is one of the things in life which cannot be avoided.

### "My Hair is a Fright"

Edna Wallace Hopper, the stage favorite, in her sixties still graces the footlights with the vivacious charm of a flapper. She knows the art of a lovely appearance. Miss Hopper in an interview remarks that women always apologize when trying on a new dress or hat. How many of them say, "Of course, it will look better when my hair is in decent shape."

So it is well to know that you can always keep your hair looking its best. Even the trying heat-record days of summer need not dismay you.

Miss Hopper with some forty years of stage work behind her, knows the tricks of attracting. Among the most important she rates a fresh, lovely wave. She has found the perfect curling fluid to keep your hair alluring regardless of circumstances.

Wave and Sheen, she calls it. A liquid dressing which is a godsend, especially during the summertime. It not only preserves the wave but gives your hair a soft, fascinating sheen. Try it on your freshly shampooed hair. Money back if you are not delighted. At all toilet counters, 75 cents.

Here is one of those rare miracles of value that suddenly appear when least expected—and over-night score a huge success.

Already, from coast to coast, these new cars are accepted and welcomed as the sweetest, speediest and most powerful automobiles ever built for anywhere near these prices.

Smartness and richness fairly stick out all over these new models. Inexpensive cars styled and compared like expensive cars—new values never before approached at such appealing prices.

And the power—well, you simply have to drive them to appreciate how wonderfully powerful they are. Invincible on hills. Marvelous in traffic. And when it comes to stepping out, the new Six "65" does 65 and more—and the new Royal Eight "75" a good 75, as smoothly as a dream.

But trying to tell you about it is like whistling down the wind. There is only one way to judge today's Chandler—and that is to take a model out and drive it.

## MELLERT-WEIDNER COMPANY POUR ONE MILE OF ROAD IN FIVE DAYS

Wellsville-Salineville Road Will be Opened to Through Traffic About September 6 — Other Road Construction Programs.

LISBON, O., Aug. 22.—A new record in the construction of concrete roads in Columbiana county was established by Mellert-Weidner company of Medina when 5,215 feet of concrete was poured on the Lisbon-Salineville road from Aug. 13th to Aug. 18th inclusive. This is just 65 feet less than one mile.

The last concrete was poured on this road at noon Monday. Another construction record for this county was also established on this road when there was 1,028 linear feet poured to a width of 18 feet Aug. 13th.

This new road in all probability will be opened to through traffic from Lisbon south to the intersection of the Wellsville-Salineville road Sept. 6th and not later than Sept. 9th.

Structural steel workers from the Penn Bridge company at Beaver Falls, Pa., have completed the steel work on the new bridge over Beaver creek at Gavers, which leaves the floor to be paved.

Frank L. Cox of Kensington will start work on the widening of the bridge on the Lincoln highway at Kensington this week. While the bridge is being widened, it will be kept open to traffic. Probably a month will be required to complete the contract.

The East Liverpool-Youngstown road from Rogers north has been opened to traffic as far as Middleton, but the section of this road in the vicinity of Williamsport is still closed until the macadam sections over fills at the two concrete bridges are completed. Only a few days will be required to complete this work.

The Mellert-Weidner company has removed its equipment from the Lisbon-Salineville project to that section of the East Liverpool-Youngstown road between Middleton and the Cox highway, and the first concrete will be poured on this three mile section probably Friday. It is believed the contractors will surface this section within three or four weeks. The first concrete will be poured at the intersection of the Cox highway and work will proceed south to the Columbiana-New Waterford road. When the concrete reaches this point, concrete will then be poured at Middleton and construction proceed north to the Columbiana-New Waterford intersection.

Raymond Moore is expected to complete the pouring of concrete for the superstructure of the new bridge on Main street, Salineville, this week.

Federal Engineer Hall of Columbus, accompanied by Assistant Division Engineer White of the state highway department, with offices at Ravenna, have completed an inspection of the East Liverpool-Youngstown road, and also the work on the Rogers-Negley

highway. A preliminary inspection of the Youngstown-Lisbon road from the "Flatiron" to Columbiana was also included.

## TRUCK FRUIT TO WHEELING MARKET

LISBON, O., Aug. 22.—Fruit from Columbiana county is now being trucked to the Wheeling market, following the opening of intercounty highway No. 7 between Wellsville and Port Homer in Jefferson county.

Apples from St. Clair and Middleton townships are now being transported over this route to Bridgeport, and thence across the Ohio river to Wheeling. Later in the season a portion of the peach crops in these two townships will be trucked to Wheeling.

Opening of this new road in Columbiana county, and the eventual opening of the East Palestine-East Liverpool road will cause heavier shipments of Columbiana fruit to the Wheeling market.

## COURT BAILIFF IS RESTRAINED

LISBON, O., Aug. 22.—A temporary restraining order has been issued in common pleas court against Carman D. Hissam, bailiff of municipal court at East Liverpool, in a petition filed against him by Harry Peach of East Liverpool.

The petition filed by Billingsley & Moore of Lisbon recites that several judgments were obtained against the Adamant Porcelain company and that the court officers levied execution on certain property at the plant, which is now claimed by the plaintiff to be owned by the China & Vitreous Products company.

It is also related in the petition that the chattels are covered by mortgage, it being disclosed four mortgages have been executed as follows: April 16, 1924, for \$14,000; another of the same date for \$30,000; one for \$15,000 executed April 16, 1925, and one as of Feb. 28, 1925, for \$6,882.14.

## SEEKS DAMAGES FOR AUTO CRASH

LISBON, O., Aug. 22.—As a result of an automobile collision near North Lima on the evening of July 4th last, a petition has been filed in common pleas court by Benjamin Mates, East Palestine, against Ralph Hough, where-in \$191.25 is claimed. Mates declares that he spent \$141.25 for a repair bill, and that he lost \$50 as a result of not being able to use his car in his business.

**Sale Confirmed by Court.**  
LISBON, O., Aug. 22.—In the foreclosure action filed by Raymond E. Summer against Mrs. Bertha Whitacre and others, the court has confirmed a sale, ordered a deed and has entered an order of distribution.

## COURT WILL OPEN SEPTEMBER 24

LISBON, Aug. 22.—The present term of court will close probably September 21, and the September term will open Monday, September 24, when the grand jury will go into session. Judge W. F. Jones today announced that an assignment would be issued for the week of September 10-17 when demurrers, motions, and adj cases would be heard.

Over 100 cases have been filed with Clerk of Courts Frank Ballantine since July 1, when the summer term opened, but in the meantime the court has disposed of almost as many causes. Many of the latter include cognovite notes and issues that do not require lengthy consideration on the part of the court.

The September grand jury will probably remain in session three or four days. It is recalled that the last special grand jury only considered those cases where defendants were in the custody of Sheriff George Wright, and transcripts on file with Clerk Ballantine and not considered by the special grand jury will come before the September session.

## FOUR MARRIAGE LICENSES ISSUED

LISBON, O., Aug. 22.—A marriage license has been issued to Carl Miner of Leetonia, formerly residing at Salem and Hazel Lightner, daughter of W. T. Lightner, of Lisbon.

Roy L. McFadden of Columbiana, and Miss Esther Mae Lipp of East Palestine, daughter of Mr. and Mrs. S. M. Lipp have obtained a marriage license. They are to be married by the Rev. Jones.

## THREE DIVORCE DECREES GRANTED

LISBON, Aug. 22.—On the grounds of a fraudulent marriage contract, a decree has been awarded by Judge W. F. Jones to John R. Kimes in his action for divorce filed against his wife Helen E. Kimes. The decree was granted upon the payment of costs.

In the divorce cause filed by Luella Flowers against Walter Flowers, the court has awarded a decree to the plaintiff on the grounds of extreme cruelty and gross neglect of duty.

Gross neglect of duty was charged in the divorce petition filed by John Lowsha against his wife Mary Lowsha, and he was awarded a decree upon the payment of costs. The court also entered a decree for alimony and division of property.

**Three Cases Settled.**

LISBON, O., Aug. 22.—The foreclosure petition filed in common pleas by the Potters Savings & Loan company against Jennie V. Imbrie and others has been dismissed by the plaintiff.

There has been a dismissal by the plaintiff in the case of Harry Shontz against Alfred Walker. Costs have been paid and no further record is to follow. In this cause the plaintiff sought \$200 damages from the defendant as a result of an automobile accident.

The plaintiff in the case of James Boyce against W. C. Cope and others has filed a motion to dismiss the \$1,500 attachment referred to in the petition.

**Report Confirmed.**  
LISBON, O., Aug. 22.—The report of the sale of cemetery property at Salem by the trustees of the Baptist church of Salem has been confirmed by common pleas court.

**Damage Action Dismissed.**  
LISBON, O., Aug. 22.—There has been a dismissal at the costs of the plaintiff in the automobile damage action filed in common pleas April 2, 1928, by Lloyd Votav against Louis Zestic. In this case the plaintiff claimed \$2,375 damages.

## EXECUTORS WILL FILE ACCOUNT

LISBON, O., Aug. 22.—The third and final account in the estate of the late Monroe Patterson of East Liverpool will be up for hearing before Probate Judge Lodge Riddle Sept. 4. The account, which has just been placed in the files shows the executors of the estate have received \$121,193.69 and that expenditures have been \$102,216.05. A cash balance of \$18,977.64 is recorded.

Executors of the estate are Myrtle H. Jones, May Morley Bryan, George A. Patterson and Ida A. Thompson.

**Alimony Ordered.**

LISBON, O., Aug. 22.—Charles Nease, defendant in an action in alimony filed against him by his wife, Anna Nease, has been ordered by the court to pay his wife's counsel \$35 within 30 days. In addition Nease is to pay his wife \$3 per week for the support of the child of the parties, such payments to continue until November 15.

**Judgment Orders Entered.**

LISBON, O., Aug. 22.—Judgment by default has been entered in favor of the plaintiff in the case of Rebecca E. Stratton against Romolo Pellegrini for \$1,027.34. The same entry also shows judgment in favor of Nellie I. Mathers for a like amount, and against the same defendant. This was a petition in foreclosure.

## PROBATE FRITZ WILL AT LISBON

LISBON, O., Aug. 22.—An estate of the approximate value of \$25,000 has been reported in the will of the late Adolph Fritz, who died recently at the age of 91 years at the home of his niece, Mrs. Margaret Mettsch Williams, 198 Pennsylvania avenue, East Liverpool, the instrument having been filed for probate with Judge Lodge Riddle.

After all funeral expenses and other obligations are paid, the will provides that \$100 be given Mrs. Charles Berg, East Liverpool, and the residue of the estate, real, personal or mixed has been bequeathed in fee simple to Mrs. Williams, who has been nominated as executrix and without bond.

It is also provided that Mrs. Williams has full power to dispose of any part of the estate as she may desire, and without further order from any court.

**Foreclosure Petition Filed.**

LISBON, Aug. 22.—Foreclosure petition has been filed in common pleas against John Felesky and others by the Firststone Bank of Lisbon, on a claim for \$2,650, less \$154 already paid. A mortgage on a farm of 69.69 acres in section 4 Centre township was given to secure the loan as of April 28, 1923. The petition was filed by Attorney C. C. Connell of Lisbon.

**Commissioners Named.**

LISBON, O., Aug. 22.—In the partition proceedings filed by Fannie How-

ell against John Howell and the Potters Savings & Loan Co., of East Liverpool, the court has named James S. Hilbert, G. Jay Clark and James McSweeney commissioners. A writ of partition has been ordered in this case.

**Sale Order Suspended.**

LISBON, O., Aug. 22.—The order of sale has been suspended in the case of James C. Obney against Jesse R. Gilcrest and others. The court has directed Sheriff George Wright to return to the court the order of sale. Foreclosure of chattle mortgage was sought in the petition of the plaintiff in this case.

### Telephone Company's Franchise Approved

City Council Adopts Ordinance Following Minor Changes; Action Ends Lengthy Negotiations.

Concluding a year or more of negotiations, city council last night approved the Ohio Bell Telephone company franchise under suspended rules and plant workmen were scheduled to begin operations today, if possible, on the elimination of old poles and installation of new ones in the west end of the city.

Franchise difficulties were ironed out by company representatives and council's franchise committee at a meeting a week ago and the franchise as approved by the conferees, was submitted to council as a whole last night.

Objections were filed immediately by Nicholson to two sections of the franchise which placed power of supervision in the hands of the city engineer.

"Inasmuch as this franchise is for a

25-year period," said Nicholson, "and it is entirely likely that there may be times when the city would not have a regularly employed city engineer, I think it would be wise to place regulatory power with council."

So, after discussion of the matter, the sections providing that certain acts of the company would be subjected to municipal approval, were made to read: "Shall submit to council or its lawful, delegated officers."

At the close of the negotiations, W. C. Newton, telephone company man, told council that the company is now planning to take its poles off upper Main street.

Questioned as to the propriety of enacting the legislation under suspended rules, Solicitor Knepper informed council that such action would not take away voters' power of referendum.

### VETO HOLDS UP VACATION BILL FOR PATROLMEN

Mayor Objects to Granting One Day Off Each Week.

NO ACTION TAKEN

Monthly Report of Police Activities is Asked.

Ordinance passed two weeks ago by council giving patrolmen vacations of 15 days each year, as well as a day off each week, was returned to city council last night with Mayor W. L. Fogo's veto attached.

In his message to councilmen, Mayor Fogo pointed out that each patrolman, under the provisions of the ordinance, would receive 65 days off each year, with pay. The city's financial condition, he said, would not permit it. He pointed out there were insufficient patrolmen on the force now and to permit each member a day off each week would cripple the force.

At the same time, he explained that members of the force have always been granted "lay-offs" by the safety department when they asked for them, heretofore. When a patrolman wanted a day off or several days off on business or for some other purpose, it was never refused, he said.

Furthermore, by the mayor's reasoning, supervision of the activities of the police department, in the final analysis, rest with the safety department.

No action was taken on the ordinance. In all probability it will be resubmitted at the next meeting.

Additional legislation pertaining to police activities was enacted with the adoption of a resolution instructing the chief of police to file a complete report of activities of each member of his department monthly with the safety director. The latter, in turn, will submit the report to council.

The report will cover each day of the preceding month, denoting the location of the officer, his duties, his hours, his arrests and the charges for arrests. Activities of the chief of police also will be included.

Service Director George Imbrie was instructed to proceed with the installation of a well in Maple avenue, the cost not to exceed \$225.

Nicholson reported progress in repair work along Clark avenue. In connection with this, council voted that the street car company be instructed to co-operate in the improvement work by repairing along its right of way.

Baker said people along Chester avenue between Fifteenth and Seventeenth street wanted to cinder the thoroughfare and stand the cost themselves. Council voted permission, with the provision that work be done under supervision of the service director.

As the first step in a proposed plan to submit the Seventeenth street sewer proposal which has been discussed for probably two years, council instructed the ordinance committee to bring in an ordinance at the next meeting.

Mayor Fogo's report for June showed collections of \$913 and for July, \$485.

### FARMER BURNED FUSCO TO FACE AS FIRE RAZES LIQUOR CHARGE HIS RESIDENCE

\$5,000 Loss in Blaze Near Salineville.

FAMILY ESCAPES

Invalid Woman is Carried to Safety.

L. S. Epps, farmer, was badly burned about the face and head as his home, a story and a half frame building three miles east of Salineville on the Wellsville road, was destroyed, together with all its contents, by fire last night at midnight. Damaged was estimated at \$5,000.

Epps was burned as he went into the flaming building to rescue his eight-year-old granddaughter, believing she had been left in her bedroom. The girl, however, had escaped with Epps' family.

Epps and two sons were forced to carry his wife, an invalid, to safety.

Origin of the fire is undetermined. Alfred Hart, of Salineville, was returning home from East Liverpool when he saw the fire in the home from the roadside. He ran to the house with the intention of arousing the family but found that Epps had already started to get his family out of the dwelling.

With no means of fighting the flames, the family was forced to watch the home burn to the ground. The house, owned by W. L. Hunter of Salineville was valued at \$3,000, and Epps' furniture and other valuables at \$1,500. It is reported that \$300 in money went up in the flames.

The family was given accommodations at the home of Edward Smith, a neighbor.

### ROTARY HEARS AVIATION TALK

F. L. Swaney Discusses Airport Possibilities.

Discussing "Aviation" in general and the East Liverpool-Wellsville airport in Madison township in particular, Frank Swaney, East Liverpool, commercial manager of the district for the Ohio Bell Telephone company, last night addressed Rotary members at their dinner in the Riverview hotel.

Swaney urged unification of efforts and co-operation between Wellsville and East Liverpool individuals and organizations interested in the possibilities of commercial flying, toward the establishment of a modern, well-equipped airport on the Madison township site.

The airport, which has been visited by approximately 15 craft of the air, including the baby blimp Puritan, product of Goodyear at Akron, is located four and one-half miles from Wellsville and five miles from East Liverpool, Swaney pointed out.

Tomorrow, he announced, the Los Angeles, huge war department dirigible, will spend some time over the airport and the Puritan will pay the port a second visit at the same time.

Swaney recounted efforts of the aviation committee of the East Liverpool Chamber of Commerce in locating a suitable landing field and pointed out that the ultimate selection was made not on the advice of theorists but on the suggestion of skilled pilots, the men who fly the air craft and who know, consequently, what a good airport is.

Howard Donnelly was chairman at last night's meeting. Prior to Swaney's address, a short talk was given by a Redpath chautauqua representative at the request of President F. L. Wells.

Club singing was led by Ralph Meriman, accompanied by Miss Mildred Armstrong.

Police Make 50 Gallon "Haul" in Garage at 2:30 a. m.

Frank Fusco, Thirteenth street, believed to be in Detroit, will face a charge of possessing intoxicating liquor on his return here as a result of an unexpected discovery by Chief of Police John Fultz and Patrolman Charles Hanlon this morning at 2:30 o'clock.

Fusco is expected back Friday. In the event he arrives that day he will be given an immediate hearing before Mayor Wallace L. Fogo.

Chief Fultz and Hanlon were tracing a stolen automobile casing. They had heard that Fusco had bought a casing from another individual and decided to inspect his property.

The Fusco garage, naturally, was first subjected to search. When the officers went into the garage they declared they ran into 10 five-gallon jugs of liquor.

They didn't find the casing, however.

### BOYS ARE PLACED ON PROBATION

Chief of Police Fultz last night arrested several boys following a complaint from a Crawford avenue home that some one had been trying to force an entrance.

Arriving at the home, Fultz was told some one had tried to get into a cellar window. Suspecting the youngsters, Fultz chased them through a field and finally stopped them. They explained they were trying to get some pears on this particular property.

They were placed on probation.

## LEGION SELECTS AKRON FOR 1929 CONVENTION

Raymond Ingersoll, Warren, Elected Commander for Year.

### FAVOR MEMORIAL

Resignation of Xenia Home Board is Demanded.

COLUMBUS, O., Aug. 22.—Columbus resumed normal aspects today as the last of the Ohio American Legion convention delegates and visitors left the city last night and today after the closing session yesterday when officers were elected.

Raymond G. Ingersoll, Warren, was unanimously named commander. Other officers chosen were: Major Roy H. Jamieson, Cleveland, first vice commander representing the army; Sam H. Cobb, Columbus, second vice commander representing the navy; Frank Winters, Troy, third vice commander representing the marine corps; Porter Forsythe, Caldwell, treasurer.

Akron was chosen for the 1929 convention city. The convention committee recommended Sandusky, but because of strong opposition to Sandusky by Cleveland, the Rubber City was given the honor.

At the closing business session the legion went on record asking the resignation individually or collectively of the present board of trustees of Xenia soldiers' and sailors' orphans' home at Xenia, and called upon Gov. Donahay to "declare the trusteeships vacant and make immediate plans for the appointment of a new personnel on the board" in the event the resignations are not tendered.

The legion also adopted a measure to seek a \$10,000 appropriation for the next general assembly for the erection of a memorial to sailors and marines of the World war, to be placed on the north buttress of the west steps of the state house; a measure seeking to obtain exemption from taxation for post owned property; and a request for a change in the present mothers' pension law that would make it effective in every county thereby relieve mothers of dependence on county commissioners.

### DE MOLAYS MEET IN COLUMBUS

COLUMBUS, O., Aug. 22.—Ohio state council, Order of DeMolay, opened a three-day convocation here today with several hundred delegates and members in attendance. The addresses of welcome were to be delivered by Dr. J. L. Clifton for Gov. Donahay, and Safety Director McCune for Mayor Thomas.

Among the early arrivals registering were J. Russell Marple, Zanesville, state master councilor; Wade Kiser and William Jack, Cleveland, and Stev McNutt, Ernest Wiley, George Hart, Victor Lowe, William Dodson, Rudolph Quantz, Melborn Noll and Gordon Scherer, all of Cincinnati.

Both the Cleveland and Cincinnati delegates have announced themselves as here early to get ready to take the 1929 convocation to their respective cities. It also is understood that Toledo is bidding for the next convocation.

### POLICE CHIEFS DISCUSS PENSION

CLEVELAND, Aug. 22.—Discussion of measures for state legislation, particularly a police pension law was the most important feature of today's session of the annual convention of the Ohio Police Chiefs' association. About 75 chiefs from as many Ohio cities are here. The morning session was devoted to a discussion of tear gas bombs and other modern weapons used by police in some cities.

can people on the site of his Alma Mater for the capital has been to him a public school, a high school and a college.

Within the great stone walls of the capitol, Al Smith first learned the rudiments of government. Possessed of a ready wit and a keen sense of humor, together with a tentative mind, he rose in the course of a quarter of a century from an obscure assemblyman to party floor leader speaker of the assembly governor and finally to presidential candidate.

He will accept the presidential nomination with the record of being the only man ever elected four times chief executive of New York.

When the governor steps before the microphone his voice will be carried to millions of people in all parts of the world over 90 radio stations. It has been estimated that 70,000,000 people if they desire may listen by radio to the governor's acceptance speech. While the weatherman predicted that tonight would be fair arrangements have been made so that in the event of rain the ceremony can be staged in the assembly chamber in the capitol the scene of Governor Smith's first triumphs.

By special trains, automobiles, boats and even airplanes, the great treak of Democracy's hosts to Albany was under way early today. Democratic leaders for every state in the Union were here for the notification, but residents of New York state planned to make this a real "Al Smith day." Plans have been made to handle a crowd of 100,000 persons in the park and streets adjoining the capitol.

Albany is gaily decorated for the occasion. From every vantage point flags, bunting, banners and pictures of the Democratic nominee flapped in the breeze.

At the request of Mayor John Boyd Tacher, all streets in the vicinity of the capitol will be closed to traffic an hour before the ceremony is to get under way.

## MAY FORESTALL RAIL STRIKE

Call Arbitration Meeting to Discuss Peace Terms.

CLEVELAND, Aug. 22.—Another arbitration meeting, to be held in Chicago September 4, may forestall a threatened strike by 70,000 western railroad employees, A. F. Whitney, president of the Brotherhood of Railroad Trainmen, said today.

The last arbitration meeting came to an abrupt finish when a committee, representing the trainmen and the Order of Railroad Conductors left the meeting and ordered strike ballots prepared and circulated among the members of the two unions.

The unions had asked wage increases, ranging from 10 to 8 percent, contending that present wage scales are below those paid yardmen, trainmen and conductors by railroads in the east and south. The western roads offered seven and one-half percent increase on condition that the unions consent to the abolishing of certain working rules.

At this point the union representatives left the meeting. A strike vote is now being taken. The ballots are to be counted September 2, and while the result will not be made public at that time, the unions are expected to make it one of their chief argumentative weapons in the September 4 conference.

J. W. Higgins, of Chicago, is to head a committee representing the railroads at the conference. Whitney said he would leave here for Chicago, September 1. He said he hoped an agreement could be reached settling the dispute, but that messages he has received concerning results of the vote in western cities indicate that the two unions are expected to enter into a joint strike if their representatives think such action is justified.

## TUTTLE DIRECTS LIQUOR DRIVE

Department Denies Break Between Head and Mrs. Willebrandt.

WASHINGTON, Aug. 22.—The prosecution of the New York night club cases will be left in the hands of Charles H. Tuttle, federal district attorney in New York, it was declared at the justice department today.

Mrs. Mabel Walker Willebrandt, assistant attorney general in charge of prohibition who was reported responsible for instituting the drive against liquor selling in the clubs, will act in a supervisory capacity but does not plan to go to New York to assume personal direction of the prosecutions.

Department officials declared there was no "break" between Mrs. Willebrandt and Tuttle over the procedure. Tuttle stopped the examination by the grand jury of prominent witnesses called in the investigation. Mrs. Willebrandt was reported as being displeased with the publicity attending the cases, believing that it might interfere with the successful completion of them. She insisted Tuttle knew of the plans to summon additional witnesses before the grand jury.

Miss Tex Guinan, Helen Morgan and more than 100 other night club hostesses, owners, and employees were arraigned as a result of the drive to clean up the clubs.

### Worker Killed in Fall.

NEW PHILADELPHIA, O., Aug. 22.—Joe Shipley, 23, of Strausburg, near here, was dead today, the result of a 60-foot fall from the roof of the Greer Steel company plant here yesterday where he was at work. Shipley was rushed to union hospital here, but died soon after arrival.

James Wardell, 40, who also plunged to the ground in a vain effort to save Shipley, received severe bruises but is expected to recover.

### HONOR MRS. LEVAN

Conference to be Held at Columbus Saturday.

COLUMBUS, O., Aug. 22.—Mrs. Thad H. Brown, Columbus, has been named first vice-chairman of the finance committee of the Ohio Republican Women's organization. It was announced here today. Mrs. Carl H. Hanna, Cleveland, selected as chairman of the organization by the Republican national committee, made the appointment.

Mrs. Hanna has called the first meeting of the organization for a formal conference Saturday in the Desher-Wallack hotel here, at 1 p. m. Saturday morning the state central committee women will meet in the hotel at 9 a. m. for a conference called by Mrs. Hugh Clark, Steubenville, national committee woman.

Others named by Mrs. Hanna to officers for the finance committee include Mrs. Katherine K. Brown, Dayton, third district committee woman, second vice chairman; Miss Gertrude Jones, Findlay, eighth district committee woman, third vice chairman; Mrs. Wilma St. Clair Levan, Steubenville, to be in charge of Eleventh district; Miss Margaret Baker, Springfield, secretary; and Miss Halie C. Jones, Wilberforce.

The Republican state central committee women, also will be active members of this group.

### Patrolmen Suspended.

CLEVELAND, Aug. 22.—Two patrolmen today stood suspended from the Cleveland police department on charges that they were in a house in the southeastern section of the city when it was held up by gunmen and that they failed to make a report of the robbery. The officers are Victor Kopp and Elmer Bartel, who, it is charged, were attending a "party" at the house when it was looted by gunmen.

at an altitude sufficiently low to enable spectators to examine the ship. Lack of a dirigible mooring mast at the local field makes landing the 656 foot craft impossible. The ship will return to its Lakehurst hangar about 4 o'clock.

Two Ryan monoplanes from New Castle airport will be on messenger, carrying duty after 10 o'clock tomorrow morning at the Madison township field.

### Mayor's Proclamation.

Proclamation issued today by Mayor Benedum reads: The visit of the U. S. Navy dirigible, Los Angeles, with its crew of 36 officers and men, to our city on Thursday afternoon is much more than an ordinary affair. East Liverpool is one of the very first of the smaller communities to be so honored and it is more than proper that we should do honor to this giant of the U. S. Navy and to the men, who man her. With this in view, I am going to ask the citizens of this community to display the American Flag in front of their homes and places of business on Thursday in honor of this event.

### Leaves Lakehurst Tonight.

After leaving Lakehurst late tonight, the huge pencil of the skies will sail directly to Uniontown, Pa., to participate in dedicatory services for the new Floyd Bennett airport, recently completed in that city.

At the close of the Uniontown dedication, the former ZR-3 will make directly for the Ceramic City, as a result of efforts of Congressman Frank Murphy, who secured war department approval of the trip at the request of the local Chamber of Commerce.

The Los Angeles was built at the expense of the German government at the famous Zeppelin factory in Friedrichshafen, Germany, as a war replacement to the United States.

Leaving Friedrichshafen in October, 1924, the craft reached this country in the record time of 81 hours and 17 minutes. After its arrival at the Lakehurst hangar constructed especially for it by the war department, the ZR-3 was rechristened "Los Angeles."

### Equipped With Five Engines.

Differing in almost every respect from the ill-fated Shenandoah, which was lost in a storm two years ago at Ava, O., the Los Angeles is slightly shorter, but broader than the American-made dirigible. The Shenandoah is described by experts as a "fighting laboratory", while the Zeppelin-built craft is entirely a peace time ship and designed to further the progress of dirigible passenger and express flights.

Powered by five Maybach 12-cylinder engines, the ship, measures 656 feet from stem to stern, with a diameter of 91 feet. Its gas bag, which is only semi-rigid and is divided into numerous separate compartments, holds 2,472,000 cubic feet of helium gas used to float the craft. Weighing 46 tons, the Los Angeles is the first lighter-than-air craft capable of carrying a load equal to its own weight. More than a million parts are included in its duralumin framework.

Accommodations of yacht-like magnificence for 20 passengers are included in the cabin, which also houses bridge, galley, operating rooms and lavatories.

Traveling at cruising speed, the blimp can range from 5,280 miles without stopping for supplies or fuel. Sailing at its maximum speed of 76 miles an hour the ship can cruise 3,500 miles.

The Los Angeles can cross the United States in less than two days.

## Social Affairs for Visitors at Cleveland Convention.

CLEVELAND, Aug. 22.—Business sessions, and shopping tours and a bridge luncheon for women visitors, were on the program of the 46th Knights of Columbus, now in progress here, today. A moonlight ride and dance on Lake Erie and a buffet lunch and smoker for delegates only are to be held tonight.

In his annual report yesterday, Supreme Knight Martin H. Carmody, of Grand Rapids suggested that United States bring "moral pressure and influence" to bear to relieve "the unfortunate and distressing circumstances of Catholics generally in Mexico."

Carmody also denounced American newspapers for their treatment of news from Mexico. Newspaper accounts frequently imply that banditry and violence are linked with catholicism below the Rio Grande, he said.

In another report, Luke Hart, of Washington, Supreme Advocate, said the order should make every effort to take legal action against persons who have published and distributed "an obscene and libelous document falsely represented as the fourth degree oath of our order."

A telegram of greeting was received from Arthur J. Althaus, monarch of the Al Sirat Grotto, a masonic organization, and another offering the apostolic blessing from the Pope, sent by Cardinal Gasparri, papal secretary of state.

## WELLSVILLE VISIT TORONTO POWER PLANT

Kiwanis Club Members Name Delegates Also.

A delegation of 19 Wellsville Kiwanis club members last night inspected the \$17,000,000 plant of the Toronto Power company at Toronto.

The trip to and from Toronto was made by motor.

Lunch, taken by the club members, was served on the lawn of the plant.

During the dinner, the club named C. V. Henthorne and T. J. Blackwood as delegates to the state Kiwanis convention in Cleveland.

J. L. Pilmer, auditor for the power company, was chairman of the meeting and was in charge of arrangements for the plant inspection.

## PROBE ROBBERY AT SAND PLANT

Electrical Equipment is Stolen by Thieves.

Police today were investigating the robbery of switches, tools and electrical equipment from the Pittsburgh Sand company plant, located in the old Carroll-Porter building on the river bank below Eighteenth street.

Two men, listed on the police docket as "Gooen" Smith and "Zeke" Moore, are being held on suspicion.

Equipment valued at more than \$100 was reported stolen.

## MANXMEN MEET IN CLEVELAND

CLEVELAND, Aug. 22.—More than 1,000 people, direct descendants and inhabitants of the Island of Man, a little isle in the Irish sea, were here today for the first international convention of the Manxmen.

The Isle of Man sent 100 delegates, headed by Alderman B. Crookall who bore messages from celebrities of the island and an invitation from the native Manxmen to hold the 1930 meeting on the native soil of the fatherland. Nearly every European and American country has representatives at the reunion.

## CALDWELL MINE IS FIRED UPON

Shooting Attributed to Prosecution of Election Violators.

CALDWELL, O., Aug. 22.—Firing on the Caldwell mine near here late last night was believed today to have been caused by the prosecution of election law violations in Noble county, according to authorities here. No one was injured, although a large number of shots were fired by both the attackers and mine guards.

With 22 persons already arrested as alleged election law violators, preparations were said to be under way today for the filing of some 20 more affidavits of the 22 avowed Democrats who are said to have used the Republican ticket in the primaries in an alleged effort to defeat Sheriff Steafer for re-nomination, one was Edward Ellswick, Caldwell, said to be a mine union official.

Ellswick vote was thrown away when he refused to swear after being challenged. Most of the others arrested are said to be foreigners, several of whom are not naturalized.

All of those arrested have been released under \$300 bond for appearance before the grand jury. It is said that if convicted the men face a fine of from \$50 to \$500 or a sentence of from 30 days to six months in the county jail.

## Hoover Lauds Home

(Continued From Page One.)

in the search for common ground upon which we can act."

Hoover devoted most of his speech to stressing the necessity for inland waterway development. He declared waterways would reduce transportation costs on farm products while building up the mid-west to such a degree that industry generally and the railroads, too, would benefit. Under present conditions, he said, "a row of toll gates" have been placed around the mid-west. Construction of the St. Lawrence waterway and waterways from the lakes to the gulf, he said, would bring a "seven to ten per cent saving per bushel." Such a saving, he declared, would "force upward the price of the whole crop."

Hoover urged the farmers to adopt "modern business methods" in marketing their crops. This was predicted by International News Service and the nominee will devote a speech in the future to this subject alone.

The nominee faced a busy program for the next two days. He left West Branch early this morning, motoring here by way of Iowa City. The citizenry of the latter city appeared to have turned out en masse to cheer Hoover as he rode through the gaily decorated streets.

Hoover's first action here, after a parade through the streets, was to review a parade of boys and girls at Brucemore, an estate near the city. The remainder of the day was to be devoted to farm conferences.

## NEW YORK WILL HONOR ATHLETES

NEW YORK, Aug. 22.—Five hours after the arrival in New York harbor of the S. S. Roosevelt and the United States Olympic team early today, New York turned out to honor the athletes.

Shortly after 8 a. m., the Macom and Manhattan, city boats, drew up to the Roosevelt and the celebration began. The athletes are expected to reach the battery about noon and after the usual parade up Broadway will be greeted at city hall by Mayor Walker and presented with gold medals which have been struck for the occasion.

Lack of funds compelled 6,000 strikers on the East Indian railway in British India, to return to work after being out five months.

## ARREST 12 MORE IN MURDER PLOT

Pretty 17-year-old Girl Among Those Apprehended.

MEXICO CITY, Aug. 22.—Twelve additional arrests have been made in connection with the assassination of President-elect Alvaro Obregon, it was announced today by Gen. Antonio Rios Zertuche, inspector general of the police for the federal district. The prisoners are accused of complicity in a plot against the life of the president-elect. Further arrests are forecast.

Gen. Zertuche said he was determined to get at the bottom of the crime and would not let up until the mystery has been solved. The police official said that his office will not only seek the actual plotters but "those who were intellectually responsible for the killing of the president-elect."

It is understood that the police have unearthed evidence of a plot against the lives of both Gen. Obregon and President Calles that was to have come to a head last April, it was claimed that a beautiful 17-year-old girl named Maria Elena Manzano went to Ceylana, state of Guanajuato, last April, while President Calles, Gen. Obregon and other notables were at that place for the celebration of the thirtieth anniversary of the battle in which the Obregonista army crushed the Villa forces.

This girl is alleged to have been the agent of a ring of plotters and it was her part to poison Gen. Obregon with a poison needle while dancing with him.

Mother Superior Concepcion Acevedo, who was arrested a fortnight ago in connection with the Obregon assassination, and Manuel Trejo, who is wanted in connection with the same crime, were said to be involved.

## REPORTS FROM STOCK MARKETS

NEW YORK, Aug. 22.—Strong and aggressive bullish movements were resumed at the beginning of trading today in the market favorites in the motor car, mercantile and specialty stocks. Packard Motor raced ahead of the general list to sell at 85, up four and one-half in heavy trading and Sears Roebuck jumped to 144 for a new four point gain. Bulls in United States Steel pushed that stock confidently to above 152. Dairy Products, Central Alloy Steel and other new favorites resumed their forward movement. Only the oils were held back as the menace of overproduction of crude oil again hung over their horizon.

From Wall Street came the report that the "big move was on" in selected stocks and once more the brokerage houses are filled to overflowing as trading runs into large totals. Despite high money rates investment buying continues on a large scale and leading in the speculative world are confident that the remarkable expansion in the business and profits of American corporations will more than offset the handicap of tight money, which in itself is expected to pass at or near the end of the crop moving season.

Packard's leadership of the motor car list today was based on the extremely favorable reports of production and earning of the company since the introduction of the new models at lower prices, all of the motor stocks burst fourth into higher price territory as buying orders surged in from all points. Very little profit-taking was encountered in this period, though heavy selling of General Motors was noted at the beginning of the second hour.

Call money renewed at seven percent, with a small increase in the supply funds available. Cotton prices advanced 18 to 24 points and commodity markets were steady in the early trading.

Sing a song of soapsuds and a faucet full of RUUD Hot Water ready now and forever . . . Steaming, streaming, rushing, gushing . . . AND WITHOUT ONE SPECK OF RUST.

You'll see this and more . . . right before your very eyes if you visit the RUUD Water Heater Exhibit at 117 East Sixth Street, near the "Diamond," this week.

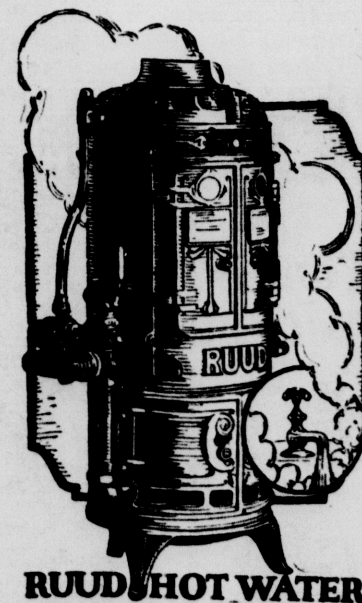

Local plumbers have arranged a special demonstration manned by RUUD Factory-trained men so that everyone will know and see RUUD Perfect Hot Water Service.

At the Exhibit, RUUD heats water as it flows . . . just as it will operate in your own home. Five minutes time is all that you need to know the whole story . . . why it is automatic . . . why it is free from rust . . . why the supply of hot water can not be exhausted . . . and why local owners who have used RUUD for years wouldn't be without it.

This is a special invitation to visit the Exhibit. You will not be pressed to buy; we simply want to make it possible for you and every member of your family to really know this modern convenience.

## CHURCHES WILL SUPPORT 'DRYS'

Young Peoples Organization Urge Law Enforcement.

SABINA, O., Aug. 22.—Support of only those candidates for state and national offices who are "four-square" behind the enforcement of prohibition, was the recommendation to the young people of Ohio in a resolution announced here today by members of the young people's union of the Methodist Protestant church, which closed its conference yesterday.

The resolution reads: "We, the young people of the Ohio Conference Young Peoples' Union, assembled in our training school at Sabina, desire to go on record as approving the support of only those candidates for office in state and nation who will stand four-square behind the Eighteenth amendment and law enforcement."

We desire to do this, not only because of the great moral principles involved, but also because it is fast becoming evident that economic and social conditions demand it."

The annual conference of the Methodist Protestant church of Ohio was scheduled to open here this evening for a week's session. Those who will take part include Rev. A. J. Allman, Mechanicsburg, who will deliver the

## No More Gas In Stomach and Bowels

If you wish to be permanently relieved of gas in stomach and bowels, take Baalman's Gas Tablets, which are prepared especially for stomach gas and all the bad effects resulting from gas pressure.

That empty, gnawing feeling at the pit of the stomach will disappear; that anxious, nervous feeling with heart palpitation will vanish, and you will again be able to take a deep breath without discomfort.

That drowsy, sleepy feeling after dinner will be replaced by a desire for entertainment. Bloating will cease. Your limbs, arms and legs will no longer feel cold and "go to sleep" because Baalman's Gas Tablets prevent gas from interfering with the circulation. Get the genuine in the yellow package, at any good drug store. Price 5c.

# Evans May Try To Repeat In Third Clash Of Series Tonight

## Huffman Is Slab Choice For Nicholson's Squad

Title Contests at "Crucial Game" Stage; Potters Boast Slight Edge in Hitting in First Two Contests.

Observing the efficient manner in which Curly Evans pitched his West Virginia Potters to a 7 to 5 win over Wellsville's City league championship contenders a couple of nights ago at Nicholson field, Manager Joe Dickey is seriously contemplating sending the New Cumberland lad against the opposition sluggers tonight in the third game of the series at Newell park. The game will start at 5:30.

It all depends, of course, on the outcome of deliberations by the Newell "board of strategy" today. If Dickey elects to go to center field again, where he played in Wellsville (doing a good job of it, by the way) it is entirely possible that Evans will be the bullpen nominee.

"Yock" Huffman, Nicholson's right hand twirler, will be called upon to repeat his opening game performance tonight. Although Huffman was nicked rather frequently last Saturday by the Laughlin clubbers, he managed, like Evans, to finish on the long end of the count.

Manager Nicholson missed the veteran Bill Rager in left field, and at the plate, in Monday's contest. Besides playing baseball with the Wellsville leaguers, Rager is a millman and on certain weeks, his "turn" does not allow him to get away.

In the two games of the series to date, Laughlin has outwitted the Wellsville club with a team percentage of .383 against Wellsville's .333.

## Turk Nash-K. T. K. Series Tilt Rained Out; Rivals Play Friday

RAINED out last night at Columbian park, Turk Nash and K. T. K. will clash in the third engagement of their special city title series Friday night on the East End lot.

The rivals have won one apiece to date. Although Turk Nash has outscored the Kates almost 2 to 1, the hits show little difference, to date, the Kates having 17 and the Kates 15.

Herman Aufderheide, Turk Nash left fielder, credited with three official times up, is swatting at a 1.000 clip, with three bingles; Goodwin, Turk Nash outfielder, has connected safely three times in six trips for .500; Watson has the same mark with two swats in four attempts; while Ted Munselman has poked out three blows in five trials.

This mark is duplicated by Hall, K. T. K. outfielder, who, as a result, is topping the Pottery stickers. The composite box score of the series to date follows:

## Heydler Sees Pirates Beat Hornsby Club

Kremer Wins Sixth Straight Although Hit Hard.

PITTSBURGH, Aug. 22.—Pittsburgh evened the Boston series by winning the second game, 6 to 2 here yesterday.

Ray Kremer won his sixth consecutive victory although hit freely by the Braves. Pie Traynor was the hitting hero for the champions, with three singles and a double in five times at bat. He also scored half of the Pirates runs.

Manager Rogers Hornsby of Boston will be out of the game for about a week, it was announced today because of a leg injury suffered in yesterday's contest.

President John Heydler of the National League saw today's game from the press box.

xBrown batted for Brandt in ninth.

A sophomore who will make a strong bid for the job of quarterback is Lindsey of Mishawaka, Indiana, all-state football team. He may be the man to succeed Jimmy Price of Massillon, who has been in that position ever since his sophomore year.

Jimmy has been the heady field general, the skillful punter and the dashingly ground gainer. Howard Maurer of New Philadelphia, a junior, is another likely fellow at quarter to replace Price, at least during some of the "breather" games during the ten weeks' campaign.

Among ball carriers coming up are Kennedy of McKinley High, Canton; Krotzer of Gibsonburg, and Brady of Mishawaka, Ind. Other Wittenberg halfbacks will be Ulrich of Massillon, Brickle of Newark, McFarren of Canton, Al Marty of Akron, Merickel of Toledo, Melchior of Wheeling, Premlich of Mansfield, Barber of Springfield.

Fullbacks will be Schroeder of Massillon, Apple of Newark, Baker of Bucyrus, and Schaffer, all-city fullback of Akron West high school.

The new men come after many years of experience, and are more than just past members of football teams. They established records while playing their prep school games. Coaches E. R. Godfrey and Joe F. Hermann will have on hand 58 men. Of this number 17 are lettermen.

Twenty-four will be newcomers, and fairly well distributed over the positions on the team. Three teams of better class will be available to the coaches at Wittenberg.

AT NEW YORK:—Joe Gilek, Brooklyn lightweight, won decision over Lope Tenorio, Filipino boxer (10). Tommy Grogan, Omaha lightweight, knocked out Ruby Stein, Brooklyn (4).

AT NEWARK, N. J.:—Meyer Cohen, Holyoke, Mass., drew with Freddie Polo, of Bloomfield, N. J., (10).

AT LOS ANGELES:—Bushy Graham, bantamweight champion, knocked out California Joe Lynch, (7). Andy Mitchell, Lonsbeach heavyweight, stopped Buck Walters of Los Angeles (7).

## Lutheran Grid Squad Expects To Cop Again

Promising Material Coming in This Year.

SPRINGFIELD, O., Aug. 22.—The good ship Wittenberg which furrowed rough seas in 1927 to a Buckeye football championship, will be well manned this season to repeat.

New hands to be added to the Lutheran crew have come from many ports to man the guns and run the yards. Wittenberg loses only five: Maurer and Bradley at halfback, Maus at full, Brant at tackle and Beeman at guard. Two valuable men were not available this year because of injuries. They are Apple of Newark, fullback, and Al Marty of Akron, half.

Besides her two lettermen, McFadden and VanHynning at ends, Wittenberg will have eleven others, making a total of 13 candidates for end positions. Nine men want places at tackle; 13 guards; four centers; four quarterbacks; 11 halfbacks; four fullbacks.

Among promising ends will be found Kish, captain in 1926 of the Bucyrus (O.) team; Creager, all-city end of Toledo; Mikolashek of Akron; Shults of Marion; Webster of the Indiana championship team at Mishawaka; Englander and Putnam, both of Detroit. Besides these, Wittenberg will have Ted Marty of Akron, Mowery of Toledo and Shutt of Strasburg.

Among the available tackles besides Harro of Toledo, Gladden of Lucas, Pettit of Elkhart, Ind., and Middleton of St. Paris, lads coming up include "Wild Bill" Edwards of Massillon, who two years ago was captain of the Ohio State freshman team, Roberts of Middleton, Ray Miller of Norwalk, Pugh (215 pounds) of Kent, and Wilde of Struthers.

Among guards besides Regulars Christy of Wapakoneta; Betty of Newark; Claude Zimmerman of Dover, Hickling of Urbana, Libby of Antrim, N. H.; Roy Miller of Massillon and Lange of Norwalk, there will be Buesching of Waite House of Toledo, Annis of Waite; Ramage, all-city guard of Youngstown; Marsh of Dayton Roosevelt; Harris and Singer both of Massillon.

A most likely center coming up from the freshman ranks is Wittenberg captain of Akron West High school, and all-city center of Akron for two years. Regulars include Captain Robert Miller of Dover, Paetzl of Metropolis, Ill., and Carpenter of Van Wert.

A sophomore who will make a strong bid for the job of quarterback is Lindsey of Mishawaka, Indiana, all-state quarterback and captain of the all-state football team. He may be the man to succeed Jimmy Price of Massillon, who has been in that position ever since his sophomore year.

## Old Jack Quinn, 43, Macks' Vet, Wants to Hurl Five Years More

Jack Quinn became a pitcher with a single throw.

JOHN QUINN PICS—In the pitching averages Jack Quinn of Connie Mack's White Elephants—with the weight of forty-three years on his shoulders and twenty-six doing tricks with the horsehide, is one of the leading pitchers of the American League.

The veteran has played with ten baseball clubs, five of them in the major leagues. He is one of the six spitball pitchers left in the league and opposing batters say he hasn't got a thing, but this year Jack has turned in fifteen victories with but five defeats.

When Larry Lajole and Hans Wagner were putting away the batting championships in their respective leagues; when Bob Fitzsimmons and Terry McGovern were leaders, and when May Sutton Bundy was a lass, Jack Quinn was breaking into baseball.

He was in and out of the majors five times, the Yankees sending him to Rochester as far back as 1912 and then grabbing him up again in 1919.

Connie Mack is a veteran himself, but in a crisis he leans on the feeble right arm of his forty-three-year-old star. Here is Connie's estimate of Quinn:

Glad to Work. "I have never found a player who works so hard as Jack Quinn," he said. "He is an inspiration to the team."

"He knows baseball. He has little to say on the bench, but in a pinch I would rather take advice from him than any other man on my club."

## Cardinal Swatters In Slump

Take 6 to 1 Drubbing at Hands of Buzz McWeeney.

By Les Conklin. NEW YORK, Aug. 22.—If those Cardinals don't start hitting mighty soon something will have to be done about it, as the timid soul sternly remarked after catching the office boy smoking a stolen perfect for the sixth time in as many days. The St. Louis outfit has scored only nine runs in its last five contests, an average of less than two runs per game, thereby nullifying some excellent pitching by the Red Bird hurlers.

The only Cardinal who is hitting is Ernie Ostratt, the versatile California Italian who was persuaded by Buster Keaton to become a ball player. Frank Frisch hasn't hit a respectable foul in his 25 appearances at the plate. Manager McKechnie is thinking of changing Douthett's name to Nohit and the rest of the team is afraid to do any thinking at all.

# Mystery at Styles

A Mystery Serial That Defies Solution

BY AGATHA CHRISTIE

## CHAPTER 34.

On the afternoon of July 17th, continued Counsel, immediately after the quarrel with her son, Mrs. Inglethorp made a new will. This will was found destroyed in the grate of her bedroom the following morning, but evidence had come to light which showed that it had been drawn up in favour of her husband.

Deceased had already made a will in his favour before her marriage, but—and Mr. Phillips wagged an expressive forefinger—the prisoner was not aware of that. What had induced the deceased to make a fresh will, with the old one still extant, he could not say. She was an old lady, and might possibly have forgotten the former one; or—this seemed to him more likely—she may have had an idea that it was revoked by her marriage, as there had been some conversation on the subject.

Ladies were not always very well versed in legal knowledge. She had, about a year before, executed a will in favour of the prisoner. He would call evidence to show that it was the prisoner who ultimately handed his stepmother her coffee on the fatal night.

Later in the evening, he had sought admission to her room, on which occasion, no doubt, he found an opportunity of destroying the will which, as far as he knew, would render the one in his favour valid.

The prisoner had been arrested in consequence of the discovery, in his room, by Detective Inspector Japp—a most brilliant officer—of the identical phial of strychnine which had been sold at the village chemist's to the supposed Mr. Inglethorp on the day before the murder. It would be for the jury to decide whether or no these damning facts constituted an overwhelming proof of the prisoner's guilt.

And, subtly implying that a jury which did not so decide, was quite unthinkable, Mr. Phillips sat down and wiped his forehead.

The first witnesses for the prosecution were mostly those who had been called at the inquest, the medical evidence being again taken first.

Sir Ernest Heavywether, who was famous all over England for the unscrupulous manner in which he bullied witnesses, only asked two questions.

"I take it, Dr. Bauerstein, that strychnine, as a drug, acts quickly?"

"Yes."

"And that you are unable to account for the delay in this case?"

"Yes."

"Thank you."

Mr. Mace identified the phial handed him by Counsel as that sold by him to "Mr. Inglethorp." Pressed, he admitted that he only knew Mr. Inglethorp by sight. He had never spoken to him. The witness was not cross-examined.

Alfred Inglethorp was called, and denied having purchased the poison. He also denied having quarreled with his wife. Various witnesses testified to the accuracy of these statements.

The gardeners' evidence, as to the witnessing of the will was taken, and Dorcas was called.

Dorcas, faithful to her "young gentlemen," denied strenuously that it could have been John's voice she heard, and resolutely declared, in the teeth of everything, that it was Mr. Inglethorp who had been in the boudoir with her mistress.

A rather wistful smile passed across the face of the prisoner in the dock. He knew only too well how useless his gallant defiance was, since it was not the object of the defense to deny this point. Mrs. Cavendish, of course, could not be called upon to give evidence against her husband.

After various questions on other matters, Mr. Phillips asked:

"In the month of June last, do you remember a parcel arriving for Mr. Lawrence Cavendish from Parkson's?"

Dorcas shook her head.

"I don't remember, sir. It may have come, but Mr. Lawrence was away from home part of June."

"In the event of a parcel arriving for him whilst he was away, what would be done with it?"

"It would either be put in his room or sent on after him."

"By you?"

"No, sir, I should leave it on the hall table. It would be Miss Howard who would attend to anything like that."

Evlyn Howard was called and, after being examined on other points, was questioned as to the parcel.

"Don't remember. Lots of parcels come. Can't remember one special one."

"You do not know if it was sent after Mr. Lawrence Cavendish to Wales, or whether it was put in his room?"

"Don't think it was sent after him. Should have remembered it if it was."

"Supposing a parcel arrived addressed to Mr. Lawrence Cavendish, and afterwards it disappeared, should you remark its absence?"

"No, don't think so. I should think some one had taken charge of it."

"I believe, Miss Howard, that it was you who found this sheet of brown paper?" He held up the same dusty piece which Poirot and I had examined in the morning-room at Styles.

"Yes, I did."

"How did you come to look for it?"

"The Belgian detective who was employed on the case asked me to search for it?"

"Where did you eventually discover it?"

"On the top of—of—a wardrobe."

"On top of the prisoner's wardrobe?"

"I—I believe so."

"Did you not find it yourself?"

"Yes."

"Then you must know where you found it?"

"Yes, it was on the prisoner's wardrobe."

"That is better."

An assistant from Parkson's, Theatrical Costumers, testified that on June 29th, they had supplied a black beard to Mr. L. Cavendish, as requested. It was ordered by letter, and a postal order was enclosed. No, they had not kept the letter. And transactions were entered in their books. They had sent the beard, as directed, to "L. Cavendish, Esp., Styles Court."

Sir Ernest Heavywether rose ponderously.

"Where was the letter written from?"

"From Styles Court."

"The same address to which you sent the parcel?"

"Yes."

"And the letter came from there?"

"Yes."

Like a beast of prey, Heavywether fell upon him:

"How do you know?"

"I—I don't understand."

"How do you know that letter came from Styles? Did you notice the postmark?"

"No—but—"

"Ah, you did not notice the postmark! And yet you affirm so confidently that it came from Styles. It might, in fact, have been any postmark?"

"In fact, the letter, though written on stamped note-paper, might have been posted from anywhere? From Wales, for instance?"

The witness admitted that such might be the case, and Sir Ernest signified that he was satisfied.

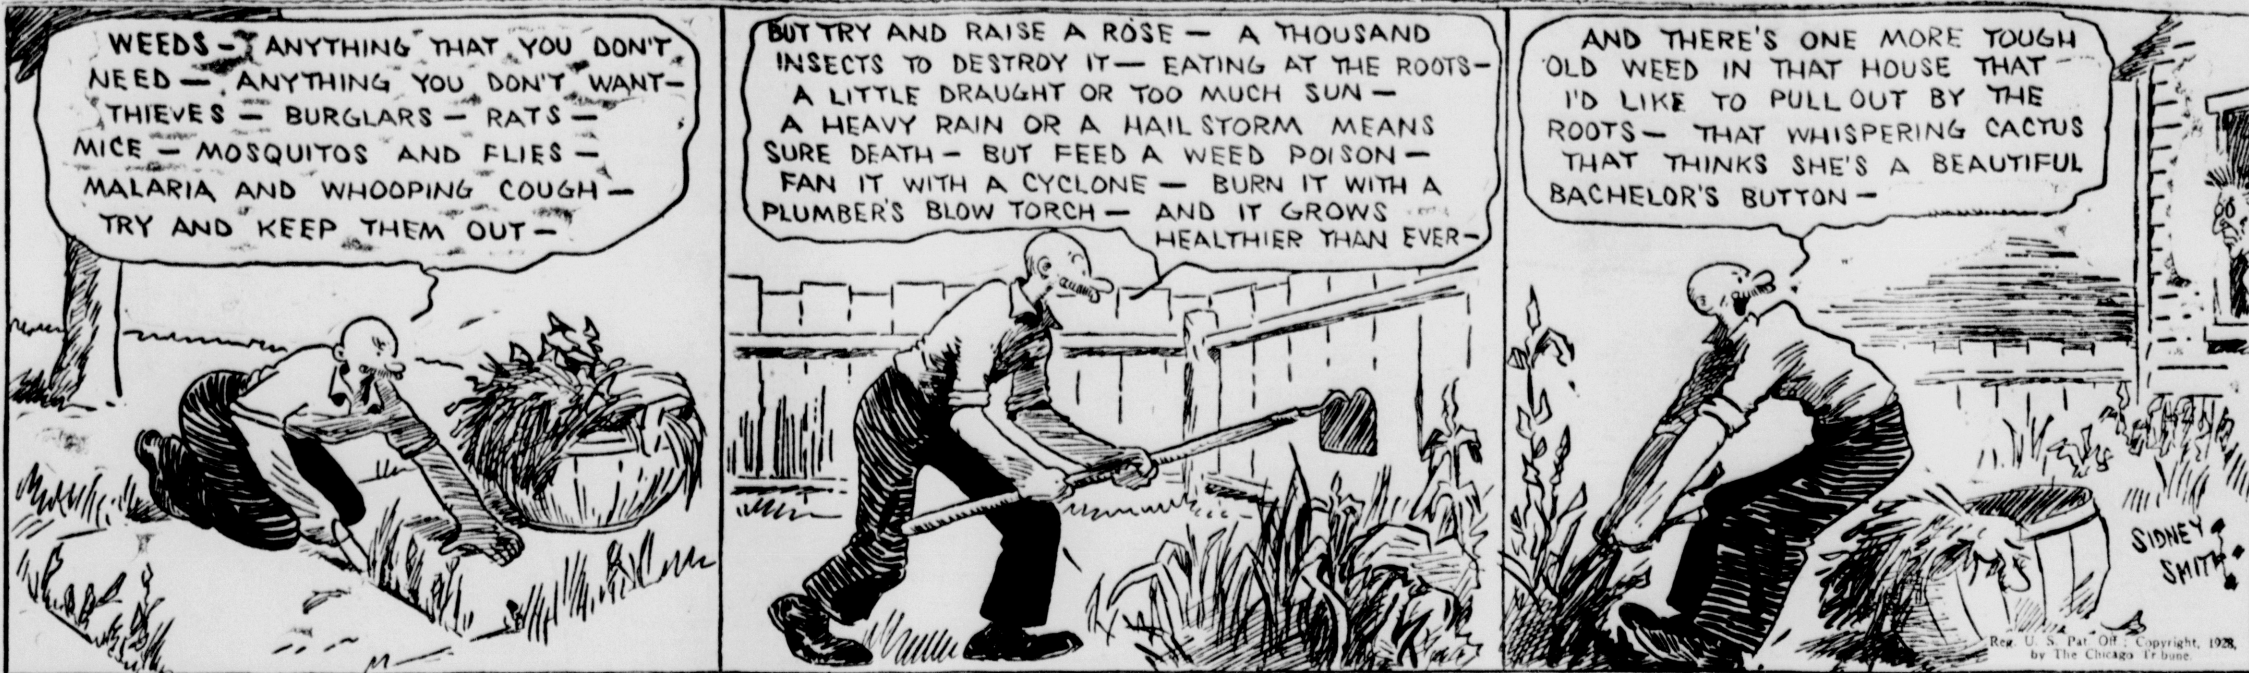

Elizabeth Wells, second housemaid at Styles, stated that after she had gone to bed she remembered that she had bolted the front door, instead of leaving it on the latch as Mr. Inglethorp had requested. She had accordingly gone downstairs again to rectify her error. Hearing a slight noise in the West wing, she had peeped along the passage, and had seen Mr. John Cavendish knocking at Mrs. Inglethorp's door.

Sir Ernest Heavywether made short work of her, and under his unmerciful bullying she contradicted herself hopelessly, and Sir Ernest sat down again with a satisfied smile on his face.

With the evidence of Annie, as to the candle grease on the floor, and as to seeing the prisoner take the coffee into the boudoir, the proceedings were adjourned until the following day.
